Library of Congress

CRISIS IN SITUATION RAPIDLY DRAWING NEAR

Dispatches From Mexico City Say Huerta Continues His Arrangements to Reorganize Congress and Have That Body Verify the Recent Elections Regardless of Washington's Warning That the Move Would Not Be Countenanced.

Washington, Nov. 6.—No developments, good, bad or indifferent—this was the word that came from the White House late today as to the status of the Mexican situation.

Those who had any doubt about the press dispatches from Mexico City, describing the last representations made to Huerta had the situation clarified for them to an extent today by administration officials. From the White House it became known that the views of the United States upon the recent election in Mexico were set forth in a cablegram to Nelson O'Shaughnessy, the charge d'affaires of the American embassy at Mexico City. This cablegram contained certain "instructions."

Just what the instructions were was not divulged by the officials who said they were of a confidential nature.

From the way the White House officials discussed the situation, however, there existed no doubt in official circles tonight that the instructions to Mr. O'Shaughnessy were substantially as outlined in dispatches from Mexico City last Monday and contained a demand that Provisional President Huerta resign. The State Department's denial that any "ultimatum" had been sent was regarded by many conversant with the situation as indicating that the United States government in its communication did not necessarily mean that it had said its last word in the parleys.

Election Invalid.

It became evident at the White House that the President considers the election of October 26th not only invalid as to the vote on the Presidency and Vice Presidency, but also as to the election of members of Congress. The news dispatches today indicated that General Huerta would convene the newly-elected Congress and abide by its decision as to the legality of the elections. This was looked upon as an intention on the part of General Huerta to have the election nullified while he continued in power indefinitely.

Though the President made it plain to callers that he had no intention at present of laying the subject before Congress, he is keeping in close touch with the capitol through Chairman Bacon, of the Senate Foreign Relations Committee. It is not regarded as likely that the President will make any move until he hears from General Huerta through Charge O'Shaughnessy. Though newspaper press dispatches have indicated that General Huerta would refuse to retire, officially it was said nothing along this line of a definite character had been received.

Alternative measures that the United States might take in event of a rejection by Huerta of the American demands were variously discussed today in official circles. Attention centered chiefly on the proposal to remove the embargo on arms. The President indicated that nothing had been determined upon in this connection. In his recent address to Congress he took a strong position against giving arms to any faction on the ground that more munitions of war meant added inhumanity.

Members of Congress and especially many of the Senate Foreign Relation Committee, think the embargo should be lifted and that the constitutionalists would then be able by force of arms to oust Huerta.

No Envoys Sent.

At the White House it was stated that no envoys had been sent to the border for the government to discuss the situation with General Venustiano Carranza, constitutionalist leader. Constitutionalist representatives continued to deny knowledge of alleged parleys between General Carranza and representatives of the American government.

The battleships Louisiana, New Hampshire and Michigan, of the second division of the Atlantic fleet which were to be relieved from duty in Mexican waters upon the arrival of the four vessels of the third division, today were formally ordered to remain at Vera Cruz. Orders were issued for the armored cruiser California to remain in Pacific-Mexican waters although original orders to the Pittsburgh were to relieve the California.

Manuel Madero, uncle of the late President of Mexico, and several relatives recently arrested at Saltillo and placed on a Mexican gunboat supposed to be bound for Vera Cruz, have been taken to Mexico City. Charge O'Shaughnessy, who already has made representations to the provisional government in the interest of the prisoners, will continue to watch developments in the case.

Huerta Hush Mouth.

Mexico City, Nov. 6.—There still was no indication here today, whether Provisional President Huerta would make a formal reply to the communication made to him by the United States. The nature of the memorandum was said to call for no other reply than compliance. How long Washington expects to wait for this compliance after failing to receive a verbal rejoinder is a question of absorbing interest here. Mexico City itself is still ignorant of the nature of the new representations made by Washington. The newspapers have printed only denials of the reports until today when they partially confirmed them. The Herald published a dispatch from Vera Cruz stating that John Lind had confirmed the reports of "certain indications being made by Washington to Mexico."

Nowithstanding careful precautions enough has become known here to fill the city with rumors and endless speculation today as to what Huerta's course of action will be.

Opinion generally is in line with the unofficial information obtainable at the National palace last night that General Huerta intends to refuse compliance with the programme he has been following of re-organizing the Mexican Congress and abiding by the finding of that body relative to the recent elections, simultaneously ignoring Washington's warning that the new Congress will not be countenanced.

Lind to Mexico City.

Vera Cruz, Nov. 6.—John Lind, President Wilson's personal representative, accompanied by Captain W. A. Burnside, military attache of the American embassy in Mexico City, departed suddenly at 7:30 o'clock tonight, traveling in the direction of Mexico City. Mr. Lind declined to reveal the object of his visit and said only that he probably would be absent for several days.

News From Diaz.

New Orleans, Nov. 6.—Felix Diaz, who fled from Vera Cruz because he feared his life was endangered, still is in Havana and apparently is undecided where he will go. This information was brought here tonight by Alex Williams, a newspaper correspondent, who was with Diaz when he made his spectacular escape from Vera Cruz. Mr. Williams said Diaz might come to New Orleans, go to Key West or to New York.

A number of Mexicans said to be constitutionalists, have been here several days and it is reported they are trying to negotiate a loan. Mexicans here say they do not believe Diaz would affiliate with the constitutionalists even if he should come to New Orleans.

No Denial From France.

Paris, Nov. 6.—Although no official denial has been issued regarding possible mediation by France between the United States and Mexico, the attitude of the foreign office today seemed to indicate that the situation has undergone a slight change since yesterday.

It now appears that France would mediate only if Mexico sends a definite request and such action on the part of France should be agreeable to the United States.

Ready to Go.

Philadelphia, Nov. 6.—The scout cruiser Chester, under hurry orders to prepare to sail for Vera Cruz, completed loading supplies today and will be ready to leave the Philadelphia navy yard late tonight or early tomorrow.

Reports that battleships at the yard were being prepared for sailing were denied.

German Vessels Going.

Berlin, Nov. 6.—The newest German battleships Kaiser and Koenig Albert, and the cruiser Strasburg have been ordered to leave early in December for South American waters.

The cruise is said to be merely a test voyage, but the warships as is pointed out in the newspapers here, will evidently be available for service on the Mexican coast if it should prove necessary.

American Murdered.

Eagle Pass, Texas, Nov. 6.—R. Weiniger, assistant secretary of the Penoles Mining Company at Mapimi, State of Durango, Mexico, was killed for the purpose of robbery at the direction of a constitutionalist leader, and after he had been put to death, his fingers were cut off that the rebel commander might obtain valuable rings worn by the American mining man. This information was brought to Eagle Pass tonight by Ernest Muller, an official of the mining company, who with other refugees reached the border after an overland march of 18 days.

Those who arrived tonight were escorted to the boundary by a relief expedition sent to Mapimi two months ago. They were the last of the American residents at Mapimi to quit the mining settlement.

Fighting at Monterey.

Brownsville, Texas. Nov. 6.—According to a dispatch received at the Constitutionalist headquarters at Matamoras, Mexico, today, a strong force of rebels has begun a second attack on Monterey.

The dispatch stated that the attacking forces were being led by Pancho Villa, assisted by the troops under Gen. Pablo Gonzales, who led the first attack on Monterey. No details of the fighting were given.

Gen. Villa Repulsed.

El Paso, Texas, Nov. 6.—After being repulsed by the Federal forces at Chihuahua last night, Gen. Francisco Villa and his rebel army renewed the attack on Chihuahua this afternoon, according to reliable advices. The battle continued late into the night, with neither side having any advantage. The fighting so far has been confined mostly to the outskirts of the city.

Guns on Eagle Pass.

Eagle Pass, Texas, Nov. 6.—Decision to postpone attack on Piedras Negras opposite here, because of the danger to Americans in Eagle Pass, was announced by Constitutionalists today.

Before this decision was made Col. Alvarez, Federal commander at Piedras Negras, trained ten field pieces directly on Eagle Pass.

No reason for this action except its possible moral effect on Constitutionalists, is known. American authorities regarded it as of no importance.

Fear for Business.

Mexico City, Nov. 6.—Prevented by the most impenable reserve displayed at the National palace from learning more of President Huerta's intention regarding his answer to the American demands, the Mexican people are in-

BRYCE ARRIVES IN LONDON

A Large and Distinguished Gathering Does Honor to Late British Ambassador at Washington—A Banquet Tendered Him.

London, Nov. 6.—A large and distinguished gathering welcomed the Rt. Hon. James Bryce, late British ambassador at Washington, at the dinner given in his honor by the Pilgrims tonight. The American ambassador, Walter H. Page, read messages from the President of the United States; Joseph H. Choate, former ambassador at London, and others. President Wilson's message was as follows:

"Few men have done more than James Bryce in strengthening the ties of friendship and brotherhood which unite England and America, and have been the cause of common aspiration and high example to the whole world."

Mr. Bryce began his speech by expressing the belief that the Panama question would be solved in a manner satisfactory to both countries. That belief, he said, was based on his conviction of the rectitude and elevated sense of honor and international justice possessed by President Wilson.

A large part of Mr. Bryce's speech was devoted indirectly and directly to replying to criticisms made by the conservative press of his work as ambassador. He emphasized the idea that the British ambassador to the United States had to deal with problems between Canada and the United States for Canada's interests were as important to the Empire as were England's. He then made a direct reply to these criticisms, saying he would not have noticed them except for the important principle involved.

"An Ambassador to a foreign country," he said, "acted merely as the agent of his government, and carried out the instructions of his government. The critics acted in ignorance, because the only persons who knew what the ambassador was trying to do were his Foreign Office and himself. The danger was that criticisms of an ambassador by the press of his own country had the effect of weakening his status and prestige with the country with which he is accredited."

Introducing Mr. Bryce to the Pilgrims, the ambassador, Mr. Page, who presided, paid a high tribute to the ex-ambassador at Washington.

Mr. Bryce served during the time of three American Presidents, the presiding officer said, and all three had expressed to Mr. Page the high opinion and sincere esteem in which they held him.

"I welcome him home," Mr. Page said, "as the ambassador emeritus to the American people. All his blushing honors have been nobly won."

The American ambassador then spoke of Mr. Bryce's great popularity in every State, all of which the ex-ambassador had visited. The only honors America could confer, he said, were academic, and Mr. Bryce had more of these from American colleges than even "that least quiet academician, who is now harvesting a crop of such honors in South America."

After thanking the Pilgrims for their welcome back to England, Mr. Bryce said that when he resigned his place in the cabinet more than six years ago and went to the United States in order to try to settle a number of long outstanding questions, he foresaw a difficult task.

Everybody, the speaker said, had made him feel at home in America. He had been treated like one of their

(Continued on Page Eight.)

American Fleet in The Mediterranean

Gibraltar, Nov. 6.—The squadron of nine United States battleships en route to Mediterranean ports passed the Rock early this morning.

Great regret was expressed in Gibraltar that the vessels did not stop here.

The squadron consists of the flagship Wyoming, the Utah, Florida, Arkansas, Delaware, Vermont, Connecticut, Kansas and Ohio, with the auxiliaries Celtic, Solace, Cyclops, Orion and Jason. It is to be divided into detachments, the Vermont and Ohio going to Marseilles; the Arkansas and Florida to Naples; the Connecticut and Kansas to Genoa, and Utah and Delaware to Villefranche, while the Wyoming is to make a trip in which she will call at Malta, Naples and Villefranche.

Naples, Nov. 6.—A division of the Italian fleet under the Duke of the Abruzzi, anchored here today to await the arrival of the American battleships Arkansas and Florida, expected Saturday.

On Board U. S. Flagship Wyoming, by Wireless via Port D'Eau, Algeria, Nov. 6.—The United States battleship squadron was north of Algiers this afternoon. The weather is perfect. The ships have been ordered to arrive at their respective ports at 10 A. M. Saturday.

GEORGIA DEFEATS CLEMSON.

Closest Score of the Season Made at Augusta Yesterday.

Augusta, Ga., Nov. 7.—With victory almost in their grasp, the Clemson Tigers were defeated by the Georgia team here this afternoon, by the close score of 18 to 15. It was one of the hardest fought gridiron battles of the season. Twelve of Georgia's points were scored in the last quarter.

Copenhagen, Nov. 6.—The body of Price Collier, the American author who died suddenly last Monday, was cremated today. The ashes will be taken to New York for burial.

NATIONAL GUARDS AT INDIANAPOLIS

Two Thousand Soldiers Encamped in Indiana City to Preserve Peace

MASS MEETING OF STRIKERS

State Governor Makes Address in Which He Tells Strikers He is in Sympathy With Cause—Cannot Force Arbitration.

Indianapolis, Nov. 6.—Indiana's entire National Guard consisting of more than 2,000 soldiers, are encamped in different parts of Indianapolis tonight ready for duty in connection with the strike of employes of the Indianapolis Traction & Terminal Company. Special trains brought the troops under hurried orders and they were detrained in the suburbs, virtually surrounding the town.

Great secrecy was maintained as to the movement and arrival of the militia and few citizens knew that the troops had been called out until late today.

The trains bringing the soldiers were stopped outside of Indianapolis by officers of the National Guard and given directions. All companies were held when they arrived until they were of such number that it was deemed safe to bring them into the city. This was done to prevent any clash with the strikers, who after learning the troops had been called out were on the downtown streets in large numbers. The troops will not begin duty until early tomorrow morning.

Whether the street cars are to be manned by soldiers, officers in charge would not say tonight. Martial law had not been declared early tonight, but such a proclamation is expected to be issued from the Governor's office before morning.

Late this afternoon nearly 300 women, members of the Garment Workers' Union, rushed across the State House lawn into the capital and to the Governor's office, where they demanded that Governor Ralston force arbitration and call a special session of the State Legislature. Many of the women were hysterical and Mrs. Edna Davis, president of the union, declared: "We are willing to take up arms to help win this strike."

Sympathy of Governor.

Governor Ralston, answering the women, asserted that he had no authority to force arbitration, but that he had taken an oath as Governor of Indiana, to support the constitution and to enforce the law. He said he was in sympathy with the union men, but could not allow a conditioin of lawlessness to exist and it was his sworn duty to protect life and property.

A suit for a receiver for the street car company, which was set for hearing to day, was postponed until tomorrow because of the illness of an attorney for the company.

A second suit for a receivership was filed late today by Judge Frank Roby, former member of the State Appellate Court.

No attempt was made by the company to move cars today.

The mass meeting of the strikers at noon on the State House lawn was attended by a large crowd.

All the speakers urged the strikers to assist in preserving order. When it was announced that the militia would be here today the crowd jeered.

Governor Ralston was asked to address the mass meeting. He told the strikers he was not responsible for present conditions and that he had done everything in his power to arrange a settlement.

"Within the last five days," said the Governor, "lives and property have been destroyed. From my window I have seen laws violated. When I became Governor of Indiana, I took an oath to see that the laws were enforced and that I must do."

A telegram was sent today to Senator John W. Kern by the labor leaders protesting against the calling out of the troops. Senator Kern was asked to wire the Governor and "secure additional co-operation on the part of the Federal government."

The telegram states that the city and county authorities have not ex-

(Continued on Page Eight.)

OUTLINES

Huerta has decided that he will ignore the recent message sent him by Uncle Sam. Just how Washington will take this bit of insolence is not yet known.

The American fleet has arrived in the waters of the Mediterranean.

The investigation of graft in New York City is being continued by the district attorney. Some facts and many denials are being brought out.

Former Ambassador to Washington from England Bryce, was given a banquet in London last night by the Pilgrims. Ambassador Page presided.

The National Guards of Indiana have been called out by the Governor and ordered to Indianapolis to preserve peace in the strike there. Two thousand soldiers are encamped in the city.

Many changes were read into the currency bill yesterday during the session of the Senate Banking and Currency Committee. Chairman Owen declared they will change the whole meaning of the bill.

New York markets: Flour quiet. Wheat firm No. 2 red 97 to 98, No. 1 Northern Duluth 93 1-4. Corn firm 79 1-4. Rosin quiet. Turpentine steady. Money on call firm 3 3-4 to 4 per cent., ruling rate 4, closing bid 3 3-4 to 4. Spot cotton steady; middling uplands 14.00, gulf 14.25.

MORE CHANGES IN CURRENCY BILL

Chairman Owen Characterizes Them as Altering Entire Theory of Bill.

NO CAUCUS TO BE CALLED

President Wilson Confers With Senator Simmons Upon the Matter—Democrats Could Not be Expected to Support Bill.

Washington, Nov. 6.—Amendments characterized by Chairman Owen as "altering the entire theory of the bill," were written into the administration currency measure today by a coalition of Republican and Democratic members of the Senate Banking committee.

The administration supporters in the committee were decisively outvoted on all but one of the points settled today and later the talk of a caucus of Democrats to discipline the committee was revived. Notices were sent out summoning absent Democrats back to the Senate chamber, but no definite call for a caucus was issued.

The committee today voted into the bill the following affirmative provisions:

That the regional banks to administer the new currency scheme be capitalized by public subscription, the stock not taken by the public to be taken up by the member banks of the system.

That each regional bank be controlled by nine directors, five named by the government through the Federal reserve board and four chosen by the member banks.

That the new currency to be issued be treasury notes, obligations of the United States, loaned to the banks and not bank notes guaranteed by the government. This sustains the administration bill as it passed the House.

That the new notes be redeemable in "gold" by the regional bank and the treasury and not in gold and lawful money as provided by the administration bill.

Democratic Side Split.

With the exception of the proposal to endorse the administration provision making the currency government notes, each amendment today split the Democratic side of the committe. Senators Reed and Hitchcock voted with the five Republicans to make the regional banks publicly owned and government controlled, as against the administration proposal for bank-owned and bank-controlled regional banks. On the proposal to eliminate the words 'lawful money" from the redemption clause of the bill, Senator O'Gorman joined Senators Reed and Hitchcock, with the Republicans, leaving only Senators Owen, Hollis, Pomorene and Shafroth behind the administration provision.

All the Democrats and Senator Crawford from the Republican side, voted to sustain the administration plan for treasury notes.

When the committee adjourned tonight there was pending a proposal advanced by Senator Crawford to allow the regional banks to do a general commercial banking business. The amendments adopted today with Senator Crawford's amendment, Chairman Owen declared would "alter the entire theory of the bill."

"We started out," he said, 'to write a bill which would provide a bank of

(Continued on Page Eight.)

Ritual Murder Case Almost Finished

Kiev, Russia, Nov. 6.—The name of Mendel Beiliss, who is standing trial for the alleged murder of the Christian boy, Andrew Yushinsky, barely was mentioned in the closing speech of the prosecution today.

Toward the end of his address, however, the prosecution expressed profound conviction that Beiliss was guilty, and remarked that the accused had been seen dragging young Yushinsky toward the brick furnace where Beiliss was employed. He said:

"Mendel Beiliss possibly was an excellent father and a virtuous man who lived modestly and was certainly religious but does this preclude the possibility of the perpetration by him of a crime which from his standpoint was not a crime? He regards himself as an expiatory victim for his co-religionists."

Counsel for the prosecution then dwelt on the subject of the clay found on young Yushinsky's clothing which he said resembled that of the soil near the stable where the prosecution believes the murder was committed.

The stable was whitewashed before the visit of Krassovsky, the detective, and was burned down three days before the arrival of the magistrate in charge of the preliminary investigation.

Counsel for the prosecution argued that the only medical and mental expert testimony worthy of credence was that brought forward by the prosecution. He especially praised Prof. Sikorski who, he said, notwithstanding illness and his knowledge of the storm which would burst upon him, had not feared to come into court, and testify that the crime had been committed by Jewish fanatics with the object of obtaining blood."

M. Zamislovsky, counsel for the Black Hundred, followed the counsel for the prosecution repeating the prosecutor's arguments but contrary to expectation in a tone of great moderation. His restraint is generally attributed to powerful external influence.

Wm. F. McCombs.

Washington, Nov. 6.—Secret plans leaked out at the White House today, revealing the marriage of William F. McCoombs, chairman of the Democratic National Committee and next Ambassador to France, to Dorothy Williams, of Washington, at the American embassy in London at noon tomorrow. McCoombs has been abroad for five months. The pair will honeymoon on the Leiter yacht in a trip around the world. Miss Williams was formerly engaged to Archie Butt, who was lost on the Titanic.

SECOND GOOD ROADS DAY

Buncombe, Columbus, Onslow, Cumberland and Other Progressive Counties Round Out Good Work on Roads.

Asheville, N. C., Nov. 6.—The observance of Governor Craig's good roads days by Asheville people closed today with a mammoth old-fashioned barbecue, near here, on a high plateau overlooking the city on the route of a scenic highway, built during the day across Gold View Ridge.

All Asheville workers were concentrated during the day on this section of the road and it is estimated that more than a thousand men took active part in the work. A large number of Asheville women were present at the barbecue. Reports from other parts of the State indicate wide interest in the good roads days' movement and great progress in the work.

Like Trojans at Chadbourn.

Chadbourn, N. C., Nov. 6.—The Chadbourn High School with the principal, county superintendent of education, superintendent of farm demonstration work and several business men of the town observed Good Roads Day here. The boys of the High School met with the principal on the High School grounds Wednesday and Thursday morning at 8 o'clock and conducted to a certain piece of highway on the Fair Bluff road near the school building which had been outlined by the county superintendent, Mr. F. T. Wooten, and the superintendent of farm demonstration work, Mr. J. J. Hendren. Under the National flag which had been hoisted by the High School boys, they worked like Trojans, and at the end of the second day they left a piece of well-built road. Mr. E. H. Miller furnished two teams which were used in plowing and straightening the road. They were visited by several ladies of the town and lady teachers who aided them in their work. At 4 o'clock on the second day doughnuts and coffee were served on the lawn of Mr. E. H. Miller by Mrs. Miller, Mrs. S. M. Withers and Mrs. F. T. Wooten. So delighted were the pupils and others who aided in the work that they unanimously desired to do the same thing next year. A great many of the High School boys were so enthusiastic over what had been done that they requested the privilege to work one more day.

In Cumberland.

Fayetteville, N. C., Nov. 6.—Headed by a mayor in overalls, a president of a Chamber of Commerce driving a road scraper, a county solicitor equipped with a wide, new-fangled shovel, a director of the State prison, a school trustee, a register of deeds with plain old-fashioned shovels, 100 men of Fayetteville, worked the roads today, in answer to Governor Craig's proclamation. It is estimated that $3,000 worth of work was done on the roads in this county, $2,000 worth of which was done in the country. Mayor Underwood, W. N. Tillinghast, President T. G. McAlister, of the Chamber of Commerce; R. H. Buckingham, H. C. Bullard, and President E. E. Smith, of the State Normal School for colored students, were the men who took the lead in the work. The negro students at the Normal School did good work on the Mile Branch road. Mrs. W. H. Tomlinson furnished coffee for the workers on North street. A group photograpa of the citizens who answered the call was made at the old Market house.

Dr. Pratt Talks.

Raleigh, N. C., Nov. 6.—Dr. Joseph Hyde Pratt, State Geologist, and in charge of the Good Roads works for the State Geological and Economic Survey here, tonight says he is satisfied that when the returns are all in it will be shown that very material progress has been made the past two "Good Roads Days" in North Carolina and he asserts that in no State where such Good Roads Days have been served has the spirit of the people in responding been finer, while in actual work accomplished he believed that North Carolina has really outstripped other States where the plan had been adopted.

In Davidson, Randolph, Guilford,

(Continued on Page Six.)

CONTINUE GRAFT INVESTIGATION

John Doe Proceedings Instituted by Whitman are Bringing Denials.

HENNESSY AGAIN ON STAND

Shows Telegram Asking Him to Make Speech to Defeat Former Tammany Bagman, Who Held Up Contractors.

New York, Nov. 6.—George H. McGuire denied on the witness stand today that he had ever furnished John A. Hennessy, former Governor Sulzer's graft investigator, with a list of construction firms which had been "sand bagged" in giving campaign contributions to Tammany Hall, as testified by Hennessy last week.

McGuire who is a broker of James K. McGuire, former Democratic mayor of Syracuse, and with him a partner in the firm of McGuire & Campany engaged in bonding construction companies and in liability insurance, appeared as a witness in the John Doe proceedings instituted by District Attorney Whitman to investigate Hennessy's charges.

After McGuire had sworn that he never specified to Hennessy a single instance of any construction company, engaged in State highway or barge canal work having given up campaign contributions, he was withdrawn from the stand and Hennessy, taking his place, reiterated his statement and added that he could prove it by others.

Hennessy said that he had met McGuire in the latter's room in a hotel in Utica September 12th. He produced a list of firms which he said, McGuire had named to him as having made contributions.

Wanted Murphy Defeated.

"McGuire wanted me to defeat Murphy," said Hennessy, "and said he wanted these revelations made. But he said he didn't want it known that he told me anything on account of the affiliations of his brother."

District Attorney Whitman elicited from McGuire that his concern had done a large business in the bonding the contracts of construction firms engaged in the State highway and barge canal work and that McGuire, after having given $500 to Sulzer as a campaign contribution, had at Sulzer's request, given $2,500 to Hennessy to enable the latter to pursue his investigations into the State highway department.

Hennessy produced a telegram he received October 27th last from Syracuse, which he said he believed had been sent to him by McGuire.

It was signed "M.", and appealed to Hennessy to make a speech against William H. Kelly, Democratic leader of Onondaga county, in order to gain votes for the Progressive ticket.

"When Everett Fowler came here in 1911-12", the telegram read, "he made his headquarters in Kelly's office and Kelly helped him hold up and shake down contractors on State work."

Everett Fawler who lives in Kingston, N. Y., is the man whom Hennessy testified McGuire had told him was the "bagman" for Tammany Hall in the collection of contributions.

McGuire denied sending such a telegram.

Regarding McGuire's testimony as to a $500 contribution towards the Sulzer campaign, former Governor Sulzer in a statement tonight said:

"George H. McGuire gave me $350 the day after I was nominated for Governor—not $500—and this sum was a part of the $5,000 I gave to John H. Delany, the first part of October, 1912, to pay for the printing of the Democratic State committee."

Mr. Sulzer admitted that citizens, of whom McGuire was one, contributed toward the expense of the Hennessy graft investigations, and declared that he, himself, had turned over $2,500 of his own money to Hennessy for the same purpose.

UNVEIL MEMORIAL STONE.

Japanese Christians Raise Monument to Late Rev. C. M. Williams.

Richmond, Va., Nov. 6.—A memorial stone of carved Japanese granite, gift of Japanese Christians, to the late Rev. Channing Moore Williams, D. D., Episcopal bishop of Japan, will be unveiled at Bishop Williams' grave here tomorrow.

Bishop McKim, of Tokio, Bishop Tucker, of Kyoto, and the Rev. Kobayashi, who attended the Episcopal general convention in New York, will attend the unveiling. Bishop Gibson and leaders, of the diocese of Virginia, will take part in the exercises.

Bishop Williams, who died in Richmond in 1910, is called the father of the Christian church in the Orient. He said on the far Eastern voyage with Perry in 1855, and began his work in the treaty ports.

RECORD NUMBER OF SHIPS.

Pass Through the Magellan Straits in the Past Ten Months.

Valparaiso, Chile, Nov. 6.—A record number of steamers passed through the Magellan straits in the ten months from January 1 to October 31, this year, according to an official statement. Thte traffic included 221 steamers from the Atlantic and 137 from the Pacific.

Officials here say that the number of vessels using the Magellan straits will not be affected by the opening of the Panama canal and that Valparaiso will continue to be the principal port in the Southern Pacific.

Washington, Nov. 6.—The revenue cutter service received word tonight from the cutter Bear, Capt. Ballinger, carrying 39 persons, made destitute by the recent storm and fire at Nome, had sailed from that city for Seattle.

..Theatrical..

The greatest of the season's productions, "The Trail of the Lonesome Pine" with Isabelle Lowe as June, comes to the Academy Monday, for matinee and night, and seats for both performances can now be reserved at J. Hicks Bunting's drug store.

The dramatization of this widely read novel, which as thousands of book readers know, is from the pen of John Fox, Jr., the author of "The Little Shepherd of Kingdom Come", is by Eugene Walter, the clever dramatist who has written such successful plays as "Paid in Full" and "The Easiest Way."

The production has a beautiful scenic mounting and it met with capacity greetings in long runs in Boston, New York and Chicago. From all accounts the play is as delightful as the book for the beauty of the book has been redoubled on the stage.

The strong New York company portrays the stirring scenes of the book in a delightful manner.

"The Girl of My Dreams."

"Refined and charming musical play", as the Chicago, Philadelphia, Boston and New York observers declare, is "The Girl of My Dreams," which will be seen here at the Academy Wednesday night of next week. It is notable they say, for the "infectious lift of its melodies and for the especially artistic performance of Countess Olga Von Hatzfeldt in the leading feminine role of Lucy Medders and Roy Purviance as Harry Swifton, the bachelor, who is "ready to quit and be good."

The success of the music may be foreseen, inasmuch as the composer of the score was the late Karl Hoschna, who wrote the fetching tunes encored in "Madame Sherry" and "Three Twins." The librettists, whose work proved in many scenes to be no less entertaining for children than for adults, are Wilbur D. Nesbit, the Chicago Post humorist, and Otto Hauerbach, the adapter of "Madame Sherry." The joint effort of Messrs. Nesbit, Hauerbach and Hoschna had its first interpretation at the Illinois Theatre, Chicago, enjoying an extended run and returning later to the Chicago Opera House. This delightful musical play has been enthusiastically received in all the large Eastern cities, including a successful run at the Criterion Theatre, New York City. A large and excellent supporting company includes Irving Brooks, Neil Burns, Francis Gaillard, Edna Von Luke, Frank McEwen and W. D. Stone, the original De Luxe Pony ballet and a big American Beauty chorus. Seats will go on sale at J. Hicks Bunting's drug store Monday morning at 8:30 o'clock.

Big Indian Film.

Headed by the greatest Indian film that the clever dramatists have yet conceived, the Grand will offer something extraordinarily fine today. This Indian film is the Vitagraph's "When the West Was Young," telling the story of a trapper who befriended an Indian, and how the Red Skin, in time of war, saved the trapper's child, by carrying it to the fort, although he is mortally wounded in the flight. The role of the Indian, "Black Hawk," is admirably portrayed by Mr. George Stanley. The role of the trapper is played by Mr. George Holt, while clever Maxine Elliott enacts the part of the child. It is something stirring from start to finish.

But this is not all of today's good things. Another especially clever film is "A Matter of Dress," in which a country girl, donned in city attire, catches a swell city beau, but when he comes to see her in the country he has a rude awakening. It is a domestic drama of unusual power. And Edison's latest is also a star today. It is "The Stolen Models," which is a novel, pretty tale of two artists at their work. It's a daisy.

Bunny at Bijou.

Look who's here! Clever, fat John Bunny and equally as clever and very skinny Flora Finch will be at the popular Bijou today. These two favorite comedy artists will greet moving picture devotees in one of the greatest joy films ever manufactured. It will be the Vitagraph's merry creation, "The Autocrat of Flapjack Junction." It is the greatest fun film of the year and Bunny is a scream in the role of "Flapjack Ike". He was never so funny before.

This is only one of a number of big films the Bijou will set forth today to the great delight of the amusement lovers of Wilmington. Another big one on the list is Kalem's "The End of the Run." It is a railroad story, with a swing and a grip. It is a tale of life on the rails, with many thrilling incidents and a beautiful love story. It is one of the greatest.

Yet another topliner for today is Essanay's "Love Incognito". It is a story of how Jack falls in love with an unknown beauty. It is the merriest kind of a film and will immensely tickle all. The Bijou is certainly the cozy, comfortable spot these days, and the center of attraction.

JOHNSON AT CHICAGO.

Governor of California Speaks of Recent Elections.

Chicago, Nov. 6.—Governor Hiram W. Johnson, of California, was guest of honor at a dinner given by the Chicago Progressive Club tonight. Of the Massachusetts election he said:

"The theatre of action, from the National standpoint, was Massachusetts. Here was neither complication nor pretense. Bird, the Progressive candidate for Governor, was militantly progressive. Gardner, the Republican candidate represented the imbittered opposition to progressiveism.

"Side by side with reactionaries and the apologists of last year there fought in behalf of Gardner those nearly progressive and the entire Presidential lightning rod contingent. Senators Cummins, Borah, Norris and others pleaded for the old Republican party and tearfully begged Progressives to return to the old allegiance. The result is startling. Today for the first time in history, the Republican party is the third party in Massachusetts. The Progressive party is second.

"Only in Massachusetts was the contest clear cut. In New Jersey the Republican candidate staked his fortunes on his advocacy of Roosevelt and his own assumed progressiveism. The issue there was obscure. In Massachusetts, the question was 'which party shall survive, the Republican or the Progressive?' Massachusetts answered in no uncertain tones."

EXAMINES PRISON.

West Virginia Governor on Tour of Inspection.

Moundsville, W. Va., Nov. 6.—After Governor Hatfield today examined the State penitentiary here, he indicated that he had found nothing wrong with the system employed.

The investigation was a esquel to the escape of two prisoners several weeks ago and the widely circulated charge that one of them, who had been re-captured had been whipped until blood streamed from his body.

You will find a great assortment of silks and dress goods at C. H. Fore & Co. (advertisement.)

POLICY HOLDERS GET SHARE

Receiver for Philadelphia Companies Ready for Distribution—Tobacco Market in Raleigh—Other News of Interest.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 6.—Commissioner of Insurance Young, as receiver on the part of North Carolina policyholders for the American Union Fire Insurance Co., and Monongahela Underwriters' Co., both of Philadelphia, allied corporations, filed with Judge Cooke, in Wake Superior Court today his report showing about $15,000 in hand to be distributed among North Carolina policyholders in final settlement of their interests. Judge Cooke received the report of Receiver Young and heard argument of counsel especially on exceptions to holding a $4,500 bond of Monongahela Co., liable for claims against the American Union Co. J. G. McCormick, of Wilmington, appeared as attorney in one phase of the many-sided case.

An 11 1-2-pound sweet potato is attracting much attention in the window of the Briggs Hardware store here, being about the biggest tuber ever grown hereabouts. It was grown by Jim Good, a well known negro, in his garden here.

A charter was issued today for the Newbern Hay, Grain & Feed Co., of Newbern, capital $25,000 authorized and $5,000 subscribed by C. A. Seafert, E. M. Lupton, A. Hamilton and J. M. Ipock.

Col. J. Bryan Grimes, secretary of State, learned today that his home town, Grimesland, has voted a $6,000 bond issue for a school building and auditorium. The vote was practically unanimous.

Commissioner of Agriculture Graham has gone to Tarboro to attend the Edgecombe fair.

Fourteenth district appeals will be called for argument in the Supreme Court Tuesday.

Efforts under way with the support of the Chamber of Commerce are assured of success in the re-establishment of a leaf tobacco market here. A modern warehouse is to be erected. The market opened about six years ago failed after two seasons. High prices this season and a very great increase in the acreage of tobacco in this section, has revived interest.

The remains of W. H. Harward, prominent citizen of Apex, who died last night in Rex Hospital here, were carried to Apex this morning and the funeral conducted from the Baptist church there. He was 61 years of age, a native of this county.

Raleigh is assured of the establishment of an overall factory at an early date that will give employment to 100 girls. The girls are being employed now ready for the opening of the plant The Chamber of Commerce has been working on this enterprise for some time.

LECTURES AT WAKE FOREST.

Dr. Sikes and Richard H. Edmonds Speakers—Football Saturday.

Wake Forest, N. C., Nov. 6.—Monday night Dr. E. W. Sikes delivered his second lecture on the growth of the Baptists in North Carolina. In this lecture he explained how the Kahukii and Sandy Creek movements organized and formed the first convention. It was a period of struggle on the part of the leaders. The lecture was thoroughly enjoyed by all who heard him. Dr. Sikes will give his third lecture on this interesting subject next Monday night.

Mr. Richard H. Edmonds, of Baltimore, editor of the Manufacturers' Record, delivered an intensely interesting and thoroughly educational lecture in Wingate Memorial Hall Tuesday night. He spoke in most elegant terms of the possibilities of the South. He compared the word possibility with the word responsibility, and showed how great a responsibility lay with the young generation of today.

He did not speak of the present South as "The New South", as it is so commonly referred to, but called it the re-birth of the old. He gave interesting statistics to substantiate his argument. He spoke of the great interest taken in industrial pursuits in 1845, when the price of cotton dropped to five cents; how in 1850-1860 the South built twice as many miles of railroad as the New England States. He compared the wealth of Massachusetts with the wealth of the Southern States; how Massachusetts with practically no natural resources had become one of the wealthiest of the States.

In his closing remarks he emphasized the inestimable value of character building as one of the most important factors to be observed by the young generation in the utilization of these vast natural resources, and the establishment of industries in our own Southland.

When the speaker had finished he was warmly applauded for about five minutes.

The next game of football is with Galaudet College, of Washington, D. D. The game will be played in Raleigh Saturday. The spirit has been somewhat revived this week; more than 50 were on the field today for practice. The chances are that some new men will be seen in the line Saturday.

MUST PRODUCE BRIDE.

Queer Legal Entanglement in Edgecombe Superior Court.

(Special Star Correspondence.)

Tarboro, N. C., Nov. 6.—Charged with hiding and knowing the whereabouts of his daughter, a bride of two days, Mr. John Hines, of Oak City, Martin county, was ordered by Judge G. W. Connor, presiding at this term of Edgecombe civil court, to produce his daughter, Mrs. Frank Weaver, in Wilson, N. C., on the 14th. This action was taken by Judge Connor after hearing the evidence pertaining to the disappearance of Mrs. Weaver, both the father and step-mother being witnesses in the case.

The trouble started two days after the marriage license was issued here by Register of Deeds H. S. Bunn, on July 30, 1913. Early that day Frank Weaver and Mamie Hines appeared at the home of Justice of the Peace Frank Pender and were married before sunrise. Leaving immediately after the ceremony, they were arrested at Mildred the next day, the groom being charged with stealing the girl, who, it was claimed, was under 14 years of age. Then began the legal entanglements, which ended in a compromise that the girl should live with her father for a period of 60 days, and afterwards she could select for herself whether she would remain with her father or return to her husband. A few days before the expiration of the time allotted the girl accompanied her mother to Norfolk, and that was the last seen of the young bride. In the meantime Weaver had been indicted by a Martin county jury, and James Nicholson, who secured the license, was sentenced to the roads of Edgecombe by Recorder Pender.

Now it appears that the groom will get his wife if she is willing to return, as undoubtedly she will be produced at the stated time in Wilson.

U. D. C. IN TARBORO.

Annual Election of Officers—Death at Speed—Other Notes.

(Special Star Correspondence.)

Tarboro, N. C., Nov. 6.—At the regular meeting of the William Dorsey Pender Chapter, United Daughters of the Confederacy, held at the home of Mrs. Don Williams Tuesday afternoon, officers for the ensuing year were elected as follows: President, Miss Mary Powell; first vice president, Mrs. Thad W. Thrash; second vice president, Mrs. S. N. Harrell; treasurer, Mrs. W. S. Wooten; corresponding secretary, Mrs. Charles Cobb; recording secretary, Mrs. W. N. Horton; custodian, Mrs. Mat Whitehurst; historian, Mrs. John R. Pender; registrar, Mrs. James Johnson.

Mrs. Thad. Thrash, who has been the president for the past four years, declined the nomination for another term because of many duties. At the State convention held here recently she was elected for the fifth term recording secretary, and felt that she would be unable to fill both places longer. During her term of office the Henry Wyatt fountain was started and completed, the arch to the entrance of the graveyard of the unknown Confederate dead was decided upon and finished, and the State convention of the Daughters was held in Tarboro. In all of these achievements Mrs. Thrash has shown remarkable executive ability. As a leader of the chapter, she has seen the membership increase from about 40 to 78.

Mr. W. J. Davenport, a prosperous farmer of Speed, died Tuesday afternoon, aged 65 years. For more than a year he had been suffering with paralysis, and his death was not unexpected. Surviving is his wife, and six children. The funeral services were held this morning from his late home, the interment being made in the family graveyard.

News was received here today of the sudden death in Norfolk of Mrs. Watts Martin, early Wednesday morning. She has a number of relatives in this section and is a sister-in-law of Wheeler Martin, of Williamston. Mrs. Martin was a daughter of former Mayor C. W. Pettit, of Norfolk, and is survived by her mother and the following brothers and sisters: Mrs. Dodson, Mrs. Brooks Taylor, Jones and O. W., of Norfolk, Mrs. George Seibels, of California; Percy of Baltimore, and Copt. Pettit, of Suffolk.

Thousands arrived early this morning for the second and big day of the Edgecombe Fair. The weather was ideal, and arrangements had been made to entertain the largest gathering ever within the gates of Tarboro. This afternoon premiums were awarded, and in every class there was one or more exhibits. Edgecombe's first fair will close tomorrow. The races have been one of the largest drawing cards, and more excellent racing is looked for Friday.

READY FOR V. M. I. GAME.

A. & M. Football Team in Fine Condition for Richmond Meet.

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 6.—The A. & M. football team is getting in good condition for the contest in Richmond Saturday with V. M. I. Cooke, 'Varsity right tackle, received a broken shoulder last Saturday, and will not be in the game. His place will be held down by Proffitt, who has played two years on the scrubs and appears to be developing into a valuable man. Out of five strong ends two are out of the game on account of injuries, but the other three will be with the team Saturday, and all of these are good fast men. The whole line is very strong, and has proved its ability to hold its own against some of the strongest teams in this section. The backfield will be strengthened by the return of Tenney and Sullivan at full and left half, respectively, these being two of the strongest men on the squad. There are two complete sets of backfield men who will make the trip all of whom are good fast men.

The men who will compose the squad which will go to Richmond for Saturday's game with V. M. I. are as follows: Left end, Anthony, O. S.; left tackle, Hurtt (Capt.); left guard, Anthony, G. H.; center, Plyler; right guard, McHenry; right tackle, Proffitt; right end, Ferderber; quarter, VanBroklin; right half, Riddick; left half, Sullivan; full back, Tenney.

The team will average 175 pounds. The following subs will go with the team: Quarter, Rice; halves, Cy Young and R. Young; fullback, Scarry; guards, Winston and Beauregard, and end, Seifert.

WILSON NEWS NOTES.

Medical Society to Meet—Marriage Announcements—Tobacco Sales.

(Special Star Correspondence.)

Wilson, N. C., Nov. 6.—The Wilson County Medical Society held its monthly meeting yesterday and completed arrangements for the meeting of the physicians of Eastern Carolina which will be held here November 11th.

Mr. and Mrs. Robert W. McFarland announce the marriage of their daughter, Miss Jeannette, to Mr. Herman H. Grainger, of Kinston. The marriage will occur December 3rd at the residence of the parents of the bride.

The invitations are out for the coming marriage of Dr. Hugh Yelverton, of Wilson, to Miss Myra Alma Peebles, of Lawrenceville, Va. This marriage is to occur November 19th at the Methodist church in Lawrenceville.

Tobacco sales were light yesterday, only 100,000 pounds being handled at the local warehouses. The price remains good. One tobacco farmer sold 1,278 pounds yesterday for an average of 38 cents a pound.

Total tobacco sales on this market since the beginning of the season amount to about 15,000,000 pounds, as against 17,000,000 for the entire season of 1912. Warehousemen are still looking for 20,000,000 pounds this season. Up to date over $3,000,000 has been paid out for tobacco on this market.

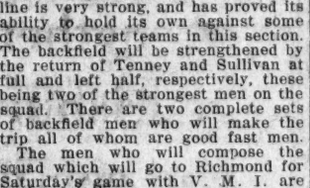
Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

That funny, little, brassy cry that echoes the arrival of the new baby is perhaps the



most cherished remembrance of our lives. And thousands of happy mothers owe their preservation to health and strength to Mother's Friend. This is an external remedy that is applied to the abdominal muscles. It relieves all the tension, prevents tenderness and pain, enables the muscles to expand gently, and, when baby comes, the muscles relax naturally, the form is preserved without laceration or other accident.

You will find Mother's Friend on sale at almost any drug store, as it is one of the standard, reliable remedies that grandmothers everywhere have relied upon.

With its daily use during the period of expectation, there is no weakness, no nausea, no morning sickness, no pain, distress or strain of any kind. Its influence is truly remarkable, as it penetrates the tissues and renders them pliant and easily governed by the demands of nature. You will be surprised at its wonderful effect and what a grateful relief it affords.

Especially to young women Mother's Friend is one of the greatest of all helpful influences.

You will find this wonderful remedy on sale at the store where you trade, or they will get it for you. It is prepared by Bradfield Regulator Co., 136 Lamar Building, Atlanta, Ga. Write them for a very valuable book to expectant mothers.

For pastry there is nothing to compare with

Cottolene

Cottolene "creams up" beautifully, always, and every cook knows what an advantage that is. It is always plastic and blends readily with the flour or sugar. This makes Cottolene especially pleasant to use in cakes, pastry, sauces, biscuits and the like.

Have you tried Cottolene yet? If not, do at least test it for yourself. You will then understand some of its many advantages. At the same time, do not forget that food experts advocate this wholesome shortening as reliable, economical and digestible.

Send for the FREE Recipe Book, "HOME HELPS," by these five leading cooking authorities:

Mrs. Mary J. Lincoln, Mrs. Sarah Tyson Rorer, Mrs. Helen Armstrong, Lida Ames Willis, Marion Harland.

CHICAGO

DAVID'S

Copyright Hart Schaffner & Marx

YOU hear and read a lot about cheap clothes; and maybe you buy some.

You can get more for your money, if you pay $25 for one of our

Hart Schaffner & Marx

suits than if you pay less. If you can afford $25 for a suit you'll be better satisfied than if you pay $18 or $20. It's logical that a maker who wants to put all the value possible into his goods can put in more for $25 than he can for $18 or $20.

If $18 or $20 is all you can afford, don't be ashamed of it; you'll get a suit you needn't be ashamed of, if you buy here.

The A. David Company

This store is the home of Hart Schaffner & Marx clothes.

YOUR NEW HOUSE is your most important thought—you're studying day and night to get the utmost in value, for the least possible money.

Whether a mansion, or cottage, we want you to study

PLASTERGON WALL BOARD TREATED WOOD FIBRE

before you decide about your walls.

Plastergron is not "just as good" as lath and plaster; IT'S BETTER.

Plastergon is made from wood-fibre chemically treated to resist moisture, and pressed into sheets about 3-8 inch thick. It is nailed directly to the studding, making a broad, smooth, uniform surface, which can be decorated in oil or water color paints.

It is moisture-proof; fire and sound retarding and costs less to install than lath and plaster.

We will be glad to show you samples and explain the method of application or obtain for you from the Service Department of the Plastergon Wall Board Company, Tonawanda, N. Y., special designs and suggestions to fit the specifications for your new house.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to, THE WILMINGTON STAR CO.

Friday, November 7, 1913.

The Justice bill enacted by the Legislature doesn't strike the railroads that way.

Dictator Huerta acts the part by displaying the fact that he is not a man of retiring disposition.

A Republican officeholder who is in looking out sees several who are out looking out for chance to get him out.

A man is afraid to boast that he has intuition because he is afraid he will be mistaken for a suffragette.

Very few women know the ropes when it comes to buying her husband's cigars so he can save three cents on what looks to her like the 5 cent kind.

It is announced that Mrs. Pankhurst's husband "has been dead some time." That is rather indefinite as to the length of time her husband has been at rest.

Our idea of displaying a lack of confidence in an old friend is that a man prefers to climb a hotel rather than take chances on accepting his invitation to come to see him.

A Florida boy has raised 182 bushels of corn on one acre. Why is it always a boy who gets those fabulous returns? Perhaps, even in agriculture a child shall lead them.—Jackson (Mich.) Patriot.

Some people pretend to fear that the new tariff will tend to lower prices. From the standpoint of a consumer who is up against it, those people are opposed to reducing the high cost of living.

Governor Foss sought re-election in Massachusetts as an independent candidate instead of as a Democrat. Walsh, Democrat, was elected. What is that old saying about swapping horses in the middle of a stream?"

What's the difference between being recalled or rejected by the many at the polls, and being recalled and barred out by due process of law executed by the few? The people have a chance to recall or reject every two years.

Scientists say that a bee travels at the rate of twelve miles an hour when it is coming home loaded. The difference between a bee and a man under similar conditions is that the bee knows the way to go home and get rid of its load.

The election returns show that the people didn't vote as if they could stand for Colonel Roosevelt's idea of the Wilson administration. The vote of the masses is somewhat flattering to ex-President Taft's idea that Wilson has made a might good start.

The Progressives held third place in the elections this week. If there had been a fourth party in the race the Progressives might have had competition for fourth place. We must remember, however, that most of the Progressive party is on a hunt in the jungles of South America.

In nearly every paper we pick up these familiar headlines strike the eye: "The city deficit." Few cities have the advantage over others in that particular and it seems that the cities that are making the most progress are the ones that have the biggest deficit. The truth about it is we have just begun to modernize our cities and it requires lots of money to do it.

The Danville Register inquires: "Are men and women equal intellectually?" Rather than say anything to hurt the feelings of us men, we decline to say that the fact that a woman can out wit a man or come to a correct conclusion while a man is getting ready to start in that direction, makes it a hard proposition in view of the prima facie evidence in the case.

A man who is unknown to fame today may attain notoriety next day with a coup that is exclusively his. For instance, an unknown Congressman whose name turns out to be Gray became famous as the man who denounced the custom of making wadding presents to the daughter of a President. A few such displays of his gifts may get Mr. Gray a Chauatuqua circuit engagement next season.

NEW WEALTH IN CORN.

The fact that the South is beginning to grow more corn to the acre, and is producing larger corn crops every year, is a gratifying circumstance in itself, but increased corn production and the possibility of making all the corn the South consumes is not the best of it. As a matter of fact, corn will sooner or later enable the South to produce its own beef and pork and keep at home the millions that are going West for food and feedstuffs that ought to be produced in the South. Feeling good over the corn-growing progress in Georgia, the Atlanta Journal gives us this in an interesting editorial on a subject that is one of immense importance to North Carolina as well as Georgia:

"Some three thousand or more exhibits are expected to make up the 1913 Georgia Corn Club Show, which will be held in the capitol in Atlanta from December 2nd to 5th. J. Phil Campbell, State agent in charge of this work, believes that the number of boys who have tilled their acres of corn under club rules this year is at least 50 per cent. greater than it was one year ago. A semi-official estimate last year stated the increased corn yield due to these clubs at an almost incredible figure. This year the figure will be increased perhaps by half, if Mr. Campbell's expectation is fulfilled. Constructive work like this is what is building Georgia for a destiny greater than could have been hoped thirty or even fifteen years ago. The corn club boys themselves add to the State's riches at once when they cultivate their individual acres of ground. The spirit of emulation which their example stirs in older farmers adds so much more. But the bigger results are coming when the corn club boys are men, and when they grow not one acre, but many acres of corn, and make each yield a bounteous harvest."

Right here is a good place to say that the corn evolution also is in progress in North Carolina, and it is specially notable that Wilmington, the center of a $5,000,000 berry and truck industry, is going to have a corn show on the 11th, 12th and 13th of this month. That is next week, and since The Star has taken such an earnest part in the corn-growing campaign, it is gratifying that eastern North Carolina's first corn show is to take place in The Star's new home on Chesnut street.

However, the point that The Star wishes to emphasize is that greater corn production means more beef and pork and butter and milk for this country, and the consequent saving of millions of dollars now drained out of this section for those products. Corn fed to cattle and hogs keeps corn at work after it has been produced. It will be converted into still more profitable necessities for consumers, and therein lies a solution of the milk problem that is distressing Wilmington because the price has been advanced to 13 cents a quart. Ample corn production in the Summer means that in the Fall and Winter we can keep it making something in the shape of milk, butter, beef and pork. Thus, we observe, corn has a double value for the South, and we must learn to estimate that value and appreciate what it means.

THE OCEAN CITY.

Our friend, Mr. George Y. Watson, of Southport, sends us some beautiful post cards illustrating scenes in the city that's at the sea. There is no more beautiful spot than Southport, and one who takes in the perspective will recognize in all the suroundings an ideal location for a city. It seems that nature has laid out the plot and left it for some propitious time for city builders to do the rest towards a big development that nature has intended.

The postals which Mr. Watson sends The Star are not all scenic but those which have reference to the Wilmington, Brunswick & Southern Railroad are indicative of recent progress at Southport—a railway line that reaches deep water on a magnificent harbor and which road is the pioneer factor in the certain development of a considerable city at the identical spot where the Cape Fear ocean gateway sweeps into the broad Atlantic. The ocean and the railroad meet at Southport, and there are joined the two powerful physical factors that provide the immense advantage of transportation by water and rail.

Chief among the group of pictures, however, is one which portrays the one potentiality that makes for the possibilities of commerce at Southport. This picture represents a big steamer halted at Southport to lighter a cargo for Wilmington. The ship draws twenty-five and one-half feet of water and she is being relieved of part of her cargo so she can come on to Wilmington. There is a big story in that one-picture. At a glimpse it reveals the fact that such large ships would not have to lighter if the cargo had been intended for discharge at Southport and were the terminals there to accommodate ships as large and even larger than the one which is pictured lightering a cargo of nitrate of soda from South America.

We do not mind saying that all of North Carolina ought to fully appreciate the fact that it is in direct railroad touch with deep water that can be made deeper whenever the State wakes up to the importance of its one great ocean gateway. The whistling buoy on the ocean side and the whistling trains on the inside are so close together that they can exchange signals, and it is a fact that at Southport the trains puff and blow closer to the ocean than at any port on the Atlantic.

NORTH CAROLINA BANANAS.

Down here where the palm grows wild, the banana seems to be inclined to ocupy a place alongside the palmetto and the fan-palm that flourishes in this wonderful coast region of North Carolina—the furtherest north portion of the Atlantic region in which the palm family is indigenious to the soil.

The Conway (S. C.) Herald, published just over the border of North Carolina, tells us that Mr. J. P. Gore, of Pireway, N. C., has sent that paper well grown and perfectly developed bananas grown on his place in Columbus county. Mr. Gore this season grew nineteen banana plants as an experiment, and the Horry Herald states that "these are the first bananas he has ever known to be raised in Columbus county, possibly the first in the State of North Carolina."

As for that, bananas have been grown and ripened in the yards of Wilmington, but while the experience of Mr. Gore is not used to exploit the commercial possibilities of banana growing in this section, it indicates a sub-tropical climate that is marvelously adaptible to scores of commercial crops that depend upon such genial climatic conditions.

Even the Orlando (Fla.) Citizen just boasted a few days ago that "bananas can be gown profitably in Florida as far North as Orange county," and yet down in eastern North Carolina a farmer can grow and eat his own bananas when he tries.

COUNTIES THAT LAG.

A county that is twenty years behind the times should not resent it when the fact is stated, but resolve to catch up and let some other county get behind. There is not a county in eastern North Carolina that cannot get right up to the front if its people will appreciate the unequalled resources and versatile adaptabilities of this section. The worst that can be said about a county is that it does not know it is twenty years behind the times, and that its people seem to be disposed to let it get further behind than that.

The next five years will decide what portion of the wonderfully adaptable South Atlantic region is going to make the most progress and as all the advantages are with eastern North Carolina in every particular that makes the South Atlantic specially desirable for homeseekers, the development of this specially favored and splendid section depends upon whether we are going to determine to go ahead or drag along.

Eastern North Carolina has demonstratable resources from which to achieve marvelous progress and development and when a country has the goods like this fine region has them we ought to get ready to deliver them ahead of any other section that is making much out of advantages that cannot equal those of tidal North Carolina.

President Huerta doesn't seem to be able to see the mat that's in an ultimatum.

CURRENT COMMENT.

A thorough system of good roads throughout North Carolina would add to the value of every horse and mule in the State—making every one a more efficient beast.—Greensboro News.

Wilmington is going right ahead with its steamboat line. Co-operation is the plan. There is plenty of capital in Wilmington to start and maintain the new boat line if it can only be gotten together. Co-operation will turn the trick.—Raleigh News and Observer.

The Mount Olive Tribune wants to know what has become of the old time corn shuckings. Shucks! The heart of the editor of that paper would have been made glad if he could have been in Sampson during these cool moonshiny October nights and heard the shuckers at their shucking.—Sampson Democrat.

The Apalachicola Board of Trade has been very active in the past few months, and as a result has raised a fund of $5,000 for advertising and extension purposes. The board, which has a membership of 100, proposes to organize a chamber of commerce, and has engaged a commercial secretary who will give his entire time to the business of the organization. Such a move is certain to increase the popularity and growth of Apalachicola.—Jacksonville Times-Union.

The Observer has been patiently awaiting the annual coming of Mr. Theodore Price and his cotton picking machine. He has selected Cheraw, S. C., as the field for his operations this season and will have his machines at work there about the first week in December. The demonstration will be made on the farm of Mr. O. M. Pegues. In an advertisement in his New York publication, Mr. Price invites all members of the cotton trade and all others who are interested in the subject of cotton production to witness the operation of the picker. He no longer refers to its as the "trial" or "experiment". Mr. Price had his machines at work at Laurinburg last Fall. The machine has been quite materially improved since it was seen in a cotton field near Charlotte.—Charlotte Observer.

We have no fault to find with the women of Charlotte who have promoted the organization of an Equal Rights' League. We have nothing to fear from them for they will exercise patience and prudence and eminent discretion in entering upon their organized career to fight for the ballot in their hands. Not so with their kindred across the waters and perhaps not so with some of their host in this country, but we are not alarmed when an aggregation of Southern women get together for any cause. They can be relied upon to do the sensible thing. They are not militants. They are constructionists and as much as we may parade our masculine chagrin that some of these days the women may be running the political affairs of this country, we may as well face the conclusion that the dear ladies are coming into their kingdom. They are already more influential at the polls ballotless than many a man armed and equipped with a full-fledged vote.—Charlotte Chronicle.

Washington, Nov. 6.—Argentine Republic today accepted the State Department's invitation to send representatives and warships to Hampton Roads early in 1915 to join the international fleet which will pass through the Panama Canal at its formal opening.

"PUT MY LEG BACK."

Sad Death of Lad at Kinston—Chamber of Commerce Busy.

(Special Star Correspondence.)

Kinston, N. C., Nov. 6.—The propensity of five-year-old Otis Gray for riding trains proved fatal for him when he fell under a box car on the Atlantic Coast Line yard in East Kinston late yesterday. The boy was the only child of Junie Gray, a laborer, and wife, of 905 East King street. The lad asked the engineer of a locomotive shifting on the yard to let him ride, and he was admonished to leave the vicinity and stay away from the trains. When a car rolled by Otis swung upon it with the confidence of a veteran, for even so early in life he had a long string of successful similar escapades to his credit. His foot slipped from the step and he fell under the wheels. One leg was cut off and the other one badly mangled. Employes of a hosiery mill nearby were attracted by his cries, and found the little fellow in a pitiful condition. When help came he ceased his cries and smiled at his misfortune. "Put my leg back on," the curly-headed chap said. Those who stood around tried to console the dying boy. "There's a doctor coming, and he will take you to the hospital and fix you up all right," he was told. "I don't want to go to the hospital; they'll cut me open there," he protested. "If you can't put my leg on tie a stick there, so I can walk." At the McDaniel Memorial Hospital the five-year-old optimist clasped one chubby hand over that of an attending physician and told him how the accident occurred, and that he regretted the loss of his leg. Three and a half hours later the little body succumbed to the shock. The lad had a mania for beating passage on trains, according to people in the neighborhood where the Grays live. Frequently he was driven away from the railroad yards. On one occasion recently he rode to a junction some distance from the city, was there caught by trainmen and put in care of a man to be returned to his parents. It is said that he once made a trip to Pink Hill, about 20 miles distant on the Carolina Railroad, without being seen until his arrival. With his daring the tot had gained from experience a wisdom far beyond his years, and a swagger that made him a personage of note in the juvenile world of East Kinston, and today at the funeral children formed the majority of the mourners.

Following the election last night of J. Fred Taylor, capitalist and cotton mill owner, to be the organization's president, the Kinston Chamber of Commerce decided to immediately get into communication with the Corporation Commission and present the city's claims for improved depot facilities. An effort will be made to have the commissioners come here on Tuesday, November 11th. A former conference between the Chamber of Commerce's directors and officials of the railroads entering the city failed in results, the cariers declining now to make any material improvements.

The Chamber of Commerce chose as vice president for the coming fiscal year J. H. Canady and T. W. Mewborn, merchants, and Fred I. Sutton was re-elected secretary-treasurer. Following the meeting the directors were the guests of Mr. Sutton at supper. The Kinston chamber is now in the midst of a campaign to increase its membership from 125 to 250 by January 1st, and the organization has given an impetus to business and civic improvements recently undreamed of when it was formed by a handful of merchants and professional men two years ago.

WINTER COURSE CIRCULAR.

Read for Work at A. & M.—Publication Revived—Other Notes.

West Raleigh, N. C., Nov. 6.—The proof for the Winter Course Circular has gone to press. An effort will be made this year to have several hundred farmers come to the college and take the course described in this circular. This course comes at a time, January, when not much farm work can be done, and it is hoped that an unusually large attendance will be brought about.

The Thalarian German Club will hold its regular November dance in Pullen Hall on Saturday night, November 8th.

The first edition of the A. & M. News Letter was issued by the Y. M. C. A. on the first of this month. It is a little paper carrying the condenseded news of the college for the information of distant alumni and friends of the college. It was published by the association two and three years ago, but had to be discontinued last year on account of the work in erecting the new Y. M. C. A. building. It will be sent out on the first of each month hereafter.

The Y. M. C. A. gave a reception Saturday night in the building, which proved to be a great success. Many Meredith girls were present as well as a large number of ladies from the city. The entertainment consisted in matching dismembered verses of old songs which had to be sung by the groups having the same one. Refreshments were served in the banquet hall, and every one present seemed to enjoy the occasion fully.

Mr. J. Marvin Culbreth, of Nashville, Tenn., where for the past four years he has been associate editor of the Epworth Era, the official organ of the Epworth League of the Methodist Episcopal Church, spoke very interestingly to the students in Pullen Hall on Tuesday and Wednesday nights.

The second annual meeting of the North Carolina Livestock Association will meet at A. & M. in Patterson Hall, November 18th, 19th and 20th.

JORDON TO RETIRE.

For Two Centuries "Billy" Was Official Fight Announcer.

San Francisco, Nov. 6.—"Billy" Jordan is to retire as official announcer of the prize ring. He is 82 years old, and after the first of the coming year, he will go to the Old Soldiers' Home at Youngville, Cal.

Fight followers all over the country know "Billy" Jordan. He announced the Jeffries-Johnson fight and almost every other championship fight held west of the Rocky Mountains in the last two generations.

Once a good light weight himself, Jordan is one of the few men now living who saw the famous battle at Fredericksburg, Va., in 1848, when Tom Hyer defeated Yankee Sullivan in one hour and 40 minutes under the old London prize rules. Born in Boston he came to California in 1853, went East to fight for the Union in the sixties, returned, and has lived here ever since.

NATIONALS WIN.

New York Defeated Chicago Yesterday 14 to 5.

Douglas, Ariz., Nov. 6.—The New York Nationals defeated the Chicago Americans today 14 to 5. Rath, Chase Evans, Magee and Devlin made home runs.

PRINCETON-HARVARD.

News From Both Camps—Big Game Tomorrow.

Cambridge, Mass., Nov. 6.—Harvard's practice for the game with Princeton was finished behind closed gates in the stadium today. It lasted only half an hour, during which there was much punting and drop kicking.

Harvard probably will have an all-star kicking backfield against Princeton, including Logan at quarterback besides Brickley, Hardwick and Maman. A squad of 35 players will go to Princeton. They will leave at noon tomorrow.

Princeton, N. J., Nov. 6.—Light signal drill and practice at forming interference on kicks constituted the workout for the Princeton 'varsity football eleven today. All the men are in good condition. All the regulars expect to get in the game against Harvard Saturday.

WILL NOT SHARE IN COST

City Council Declines to Contribute Anything Toward Construction of Fourth Street Bridge. Meeting Yesterday.

City Council in conference yesterday afternoon with representatives of the Seaboard Air Line Railway, adopted a resolution declining to accede to the request of the Seaboard that the city make a contribution toward the construction of a bridge over the Seaboard tracks on Fourth street at Hilton.

However, the Council agreed to permit the raise of grade to be made at the bridge, and this will entail an expenditure on the city, it is claimed, of approximately $4,000, which a majority of the Council seem to think is all that the city can afford to pay out in connection with the new structure.

Present at the conference besides Mayor Moore, all members of the County, City Attorney Bryan and City Engineer Pillet, were Hon. John D. Bellamy, local attorney for the Seaboard, and Mr. E. O. Frink, bridge engineer of the road. They were before Council a few days ago and at that time action was postponed until yesterday. Mr. Frink yesterday had a modified plan for the bridge for the consideration of the Council. It had been learned, he said, that the Coast Line, which is to share jointly in the cost of the bridge, wanted it made long enough to allow four tracks to be run underneath the structure, therefore, plans had been drawn for a two-span bridge, with two railroad tracks on either side of the central pillar. The modified plans call for a bridge costing about $19,500, or about $600 more than the bridge originally planned. Under the new plans the elevation on either side of the bridge would be about 1 1-2 feet less than under the first plans.

Members of Council reminded the Seaboard representatives of the existence of an agreement between the Coast Line and Seaboard to construct a re-inforced concrete bridge at joint expense. This was one of the provisions in the settlement of the litigation in Superior Court with regard to certain property and track rights in the northern part of the city. The Coast Line has already called upon the Seaboard Air Line, according to information given the Council, to begin the work of constructing the concrete bridge as agreed upon.

When members of the Council yesterday declined to grant the request for a donation toward the cost of the bridge, Mr. Bellamy stated that the railroad would proceed to the construction of a steel bridge, which, though less desirable, could be built at less cost. Mr. Bellamy said that if the city was willing to contribute something—anywhere from $6,000 to $10,000—that a concrete bridge would be built. Councilman Wood said that a steel bridge would be perfectly satisfactory to the city so far as he was concerned. Another member of Council suggested that it was a matter between the two railroads as to whether they would build a concrete or steel bridge; that before the Seaboard could go ahead and construct a steel bridge, under the agreement, it would be necessary to obtain the consent of the Coast Line. Members of Council seemed to doubt that the Coast Line would agree to anything but a concrete bridge.

While making it plain in as many words that the city does not and has not assumed a hostile attitude toward the Seaboard, City Attorney Bryan impressed upon Mr. Bellamy and Mr. Frink the fact that a new bridge must be built over the tracks on Fourth street and that the city would expect work to begin in a reasonable length of time. Mr. Frink assured Mr. Bryan and the Council that the bridge would be built at an early date.

The resolution declining to pay any part of the cost of the bridge, drafted by Councilman Loughlin, was concurred in by all members except Councilman Jones, who thought the proposition of the Seaboard was a fair one and should be accepted. The resolution follows:

"Resolved, That it is the sense of the Council of the city of Wilmington that it will permit a proper raise of grade to be made at the Fourth street bridge, but that because of our financial condition we will contribute nothing to the cost of the bridge or walls or approaches that the railroads would be required by law to bear. Further, that the cost to the city of preparing a proper street will be all the burden we can assume."

NORTH CAROLINA DELEGATES.

Those Who Will Attend Atlantic Deeper Waterways Convention.

Mr. Meares Harriss, secretary of the North Carolina Waterways Association, has received letters from a large number of representative and prominent citizens of the State who will attend the meeting of the Atlantic Deeper Waterways Association, which will be held in Jacksonville, Fla., November 18th to 21st. Among these are several from Wilmington. This promises to be a most profitable meeting, and questions of vital importance for securing better port facilities for cities along the Atlantic coast will be discussed.

The delegates from North Carolina who expect to attend the meeting of the association are as follows: E. N. Williamson, Fayetteville; John A. Parker, Charlotte; W. B. Cooper, Wilmington; Congressman H. L. Godwin, Dunn; Thos. B. Whitted, Charlotte; C. O. Kuester, Charlotte; C. S. Pittman, Swansboro; F. M. Foy, Scott's Hill; W. W. Koch, Wilmington; E. B. Stevens and a representative from the Commercial Club, Southport; H. C. Jones, Beaufort; C. L. Stevens, Southport; Meares Harriss, Wilmington.

BASKETBALL AT BRIGADE.

Two Games Will be Played in Gymnasium This Evening.

The basketball games tonight at the Boys' Brigade gymnasium in the Friday Night League, will be especially interesting. The Cardinals will meet their first rivals of the season, Company B, whom they barely defeated by the small margin of three points at that time. The Eagles will be pitted against Company A, and while this should be a fast game it will hardly reach up to the character of the former. Companies A and B and the Cardinals are all tie for first place and one of these teams is bound to fall into second place by the games tonight.

Company B will have either Shephard or Branch and H. Register at forward, while the Cardinals will have to oppose them J. U. King and Snakenburg. Register has never done much against King, who will guard him tonight, though he requires constant watching.

The Eagles have been practicing hard and will give a good account of themselves against Company A. The games will begin at the usual hour, 8:30. Mr. Dushan will referee. The public is invited free of charge.

REPORT OF ACTION ON BUDGET

City Clerk Transmits to Health Board Official Communication Relative to Changes—Meeting Will be Held Tuesday.

Capt. Thos. D. Meares, city clerk and treasurer, yesterday transmitted to the County Board of Health an official communication containing the report of the action of the Council Wednesday afternoon on the health department budget for the remainder of the fiscal year.

Chairman Willard, of the Board of Health, stated yesterday that he did not think the board would meet before next Tuesday night, which is the regular time of meeting, as there appeared to be no urgent need of a meeting to consider the action of the Council. When asked what he thought of the action of the Council in declining to make an appropriation for the sanitary police, with the idea of Council employing men for this purpose, Chairman Willard said that he did not know, as he had not given the question much consideration, but that there was one thing certain, so far as he was concerned, that if the city does not provide the necessary funds for carrying on the health work it just simply cannot be done.

The official communication from Capt. Meares to the Board of Health follows:

"November 6th, 1913.

"To the County Board of Health, Wilmington, N. C.

"Gentlemen: At a meeting of the members of the City Council, held on the 5th inst., the budget for the ensuing seven months, submitted by you, intended to cover the expenses of the joint health department for the period named, was considered, and the city clerk directed to transmit to you the action taken:

"The Council declined to approve of the salary named for the county health officer, naming instead of the sum of $250 per month, as recommended, a salary of $208.33 per month.

"The Council declined to approve of a salary for a sanitary engineer, but will make no exception to the amount named, if the officer so named is to hold the office of plumbing inspector and discharge the duties of that position.

"In the matter of the salary of the meat and milk inspector, the Council is willing to name a salary of $60 per month.

"The Council declines to approve of salaries for chief of sanitary police and for six sanitary policemen, it being the intention of the Council at the expense of the city, to provide for the discharge of the duties now being performed by these employes. In so doing, the Council will arrange for full responsibility to the superintendent of health.

"The salaries named for assistant county health officer, chemist and stenographer, were approved.

"All the amounts named under the head of 'Sundry Expenses' were approved with the exception of an item for 'Uniforms for Police,' $300, which was disallowed, the total amount approved aggregating $1,775.

"Under the head of 'Maintenance of Incinerator' the item of 'Fuel and Supplies' was approved. It was directed that your board be requested to state the number of men, the character of their duties, and the amounts to be paid them respectively, under the appropriation recommended in the item of 'Laborers and Superintendent.'"

MEETING COMMERCIAL CLUB

Second Monthly Session of This Organization at Elks' Temple Tonight—An Active Campaign for Members.

The Wilmington Commercial Club will hold its second monthly meeting in the rooms of the Elks' Temple tonight at 8:30 o'clock. All persons interested in the future development of Wilmington along all lines are urged to attend without assuming any obligation on their part to become members.

It is the purpose of the organization to work in the open for the general upbuilding of the city, and every individual member will appreciate the interest of persons who are even remotely contemplating joining the movement to help to put Wilmington on the map of big cities.

An active campaign for new members is being made by the executive committee, and during the past week the members of the committee have been engaged in the solicitation of new members. The enrollment is now nearly 200. In order for the club to do the work that has been outlined it is necessary to have at least 500 members. Many business and professional men realizing the force of this movement for a bigger and better Wilmington have volunteered their membership without being approached, and have also furnished valuable aid to the committee in securing other members.

All the gentlemen interested in the movement are busy men, and are doing this work in promoting the commercial interests of the city without compensation. They will greatly appreciate the assistance of all who are even slightly interested. This can be done by co-operating in pushing forward the public spirit of the organization, by phoning in the names of persons who are likely to become members or by sending in their membership. All the work is based on public interest and it is aimed to establish a progressive organization which shall aid in boosting Wilmington along all lines.

The permanent quarters of the club have not yet been selected, and the members of the Elks' club have shown great courtesy in lending the use of their rooms for holding the meetings of the organization.

OPEN SEASON FOR GAME.

Resume of Laws Regarding Hunting in New Hanover County.

Sportsmen in New Hanover county are looking forward with interest to the opening of the season for hunting quail which will be November 15th. The open season will continue until February 15th. The open season for other game is as follows: Deer, September 1-January 1; squirrel, November 15-February 15; wild turkey, November 1-March 1; dove, November 15-February 15; woodcock, November 1-January 1; plover, snipe and yellowlegs, September 1-December 16; wild fowl, November 1-February 1; coots, September 1-December 1. Larks and robins are protected under the Federal law for the entire year. The license fee for non-residents in New Hanover county is $10.25. The only other law applying directly to hunters other than the above is one making the bag limit for marsh hens 15.

MAY HAVE MODEL OFFICE HERE

Wilmington Postoffice Has Excellent Chance of Being Selected for Experiment, According to Washington Report.

Wilmington stands an excellent chance of having one of Postmaster General Burleson's model postoffices, according to a story sent to yesterday's Charlotte Observer by its Washington correspondents, Mr. H. E. C. Bryant. Postmaster Green stated yesday that he knew nothing more about it than what he had seen in the dispatch, but was gratified to learn that Wilmington is receiving consideration. He expressed the hope that the postoffice here will be selected for the experiment.

The selection of Wilmington as one of several model postoffices to be established throughout the country would mean much to the city. Besides affording the means for maintaining the service at the highest point of efficiency it would also bring the Wilmington office prominently before the people of the State.

Following is the article appearing in The Observer yesterday:

"North Carolina is going to have one of Postmaster General Burleson's model postoffices. It looks now as if Wilmington would get this office. There are two reasons why Wilmington may be selected for this important experiment. First, Wilmington has an up-to-date postoffice building, and second, she has also a Democratic postmaster.

"Charlotte would stand a show for the model office if the postoffice building was in shape. Under the circumstances Charlotte cannot expect it.

"The purpose of the proposed model postoffice is to give to the patrons of such office the best service possible for the money expended. Experts will be sent about the country investigating the offices that are to be made models, and a great many changes for the better will be made in the personnel of the office force and in the field forces.

"Mr. Burleson does not intend to conduct a shaking-up campaign, but he expects to lop off a lot of useless material. It has been decided to organize, equip and operate a number of model offices and use these as dynamos from which to charge the entire chain and system of offices throughout the country.

"It will be the effort at the initial points—one of which Wilmington may be—to discover the best practical way of administering the postal facilities, as well as test out devices and methods which may be found of value.

"G. D. Ellsworth, of North Carolina, now connected with the office of the First Assistant Postmaster General, will be among those who have charge of this work in the East, especially in the South.

"In organizing the field service for this work the country has been divided into three groups, the Atlantic States, the Middle West group and the Pacific States. The plan is to dispatch at once two officials of the bureau of the First Assistant Postmaste General to each of these divisions where they will co-operate with regular postoffice inspectors in a study of present conditions at the designated offices with a view to reorganizing the clerical forces on a more efficient basis should it be found advisable and as far as possible unifying the methods employed in these offices. The reports of these special field agents will be analyzed in the department and the best plan of organization and the most effective methods of transacting the postal business will be evolved and immediately brought to the attention of all postmasters by means of bulletins issued from the department from time to time.

"These investigations will cover every phase of the postal service in the communities of the designated offices, including the collection of mail, the methods of handling in postoffices, its dispatch by trains and its final delivery to the addresse. In this way postmasters of all classes will be given the benefit of the discoveries at the more important offices, and a material betterment of the postal service through the country must result."

Funeral of Mr. Jno. F. Pugh.

The funeral of the late Mr. Jno. F. Pugh, of New York, whose death occurred Wednesday morning, will be held this morning from the lodge in Oakdale cemetery upon the arrival of the train from the North, instead of from the residence of Dr. T. M. Green as originally announced. The service will be by Rev. Dr. Wm. H. Milton, rector of St. James. The body will be accompanied to Wilmington by Mrs. Pugh, her daughter, Mrs. W. H. Harrison, Jr., of Asheville, and Mr. Harrison, who will meet the party in Washington, and Mrs. H. P. West, of Wilmington, who was visiting the family at the time of the death. A number of relatives of Mr. Pugh, from Clinton, N. C., are also expected to reach here today.

Relays at Police Station Burned.

A short circuit caused by the crossing of wires at Ninth and Queen streets yesterday morning was responsible for burning out the relays in the call system at the police station in the City Hall. Prompt work on the part of those on duty at the station was all that prevented a serious conflagration. The damage done amounted to about $25. Some one at Ninth and Queen streets found some wires in their way, and bunching them together threw them into the nearest tree. Several wires coming in contact with each other sent an overcharge of electricity into the station.

RADFORD, VA., MAN

Rundown and Nervous, Restored to Health by Vinol.

A. D. Robinson, Radford, Va., says: "I was all run down in health, had no appetite and was so nervous I could not sleep at night. Vinol was recommended to me and after using one bottle I noticed an improvement. Continuing its use I was completely restored to health. The nervousness is all gone, I can get a good night's sleep and have a hearty appetite. I can recommend Vinol to anyone who suffers as I did."

Vinol is the greatest body builder and strength creator we know of. The curative elements of the cod's liver, aided by the blood-making, strengthening properties of tonic iron contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Robt. R. Bellamy, Druggist, Wilmington, N. C.

P. S.—If you have eczema try our Saxo Salve. We guarantee it.

MURDER ON MIDDLE SOUND

Walter Thomas, Intoxicated, Shot and Killed Tim Allen, Apparently Without Provocation—Both Negroes.

Because he was a little slow in responding to a request for a cigarette, Tim Allen, colored, was shot and almost instantly killed by Walter Thomas, also colored, at 7 o'clock last night at a saw mill owned and operated by Mr. L. B. Gordy, on Mr. B. B. Humphreys' place, on Middle Sound, 10 miles east of the city. Both negroes were employed at the saw mill. Allen had worked there for two years and Thomas for the past six months.

Several persons witnessed the shooting, which took place at teh cook room a short distance from the mill. Thomas is reported to have asked some of those at the mill if they thought it would go hard with him and receiving a reply in the affirmative gathered up some clothing and made a hurried departure. It is thought that his purpose in taking along the extra clothing was to discard that which he wore at the time of leaving the mill so as to make it hard for the officers to recognize him from any description that might be sent out.

Sheriff S. P. Cowan was notified soon after the murder and he left early last night in search of the murderer, accompanied by Deputy Sheriffs Kelly and Reynolds and Constable Davis. The owner of the mill, Mr. Gordy, lives at Watha and notified Sheriff Cowan from his home of the murder. Sheriff Cowan was told that a negro in the vicinity of the crime would locate the murderer for the officers and there was some hope of the man being captured during the night. The officers were not expected to return to Wilmington until early this morning. Police headquarters was also notified of the murder and Capt. Woolard called up Sheriff Cowan to tell him of it, but the sheriff had already gotten the message from Watha and was getting his men ready to go to the scene.

So far as known at the saw mill last night there had never been any trouble between the two negroes. Thomas was reported to have been intoxicated at the time of the shooting.

Both negroes worked at the mill yesterday and had quit work for the day only a short time before the shooting. Thomas, it is said, asked Allen to give hi ma cigarette and when Allen refused, Thomas went and got his pistol. He is said to have told one or two other negroes that he was "going to kill him a negro." Going back to where Allen was, just outside the cook room, he again asked for a cigarette, at the same time firing his pistol. The first shot missed Allen, but the second bullet took effect in his head, causing death in 15 minutes.

A telephone message from the sheriff's party at Scott's Hill at midnight was to the effect that no trace of the negro had been found, but that the search would be kept up possibly all night.

Thomas' mother lives in Wilmington, it was stated, and the police were asked to watch her house during the night, as Thomas might have decided to come to town.

MASONBORO BUILDS ROAD.

Old and Young Observe Good Roads Days With Hard Work.

The spirit of good road making was observed in a truly patriotic manner by the citizens living in the vicinity of Masonboro church, who turned out en masse and built a road from the church to the rock road, the distance covered being about a fourth of a mile. Most of the way had to be made through a thick woods, and it required the whole of the two days set apart by Governor Craig to complete the job, which is a good one.

Mr. M. S. Willard, chairman of the Board of County Commissioners, hearing of the splendid work that was being done, went out yesterday afternoon, and found old and young were hard at work. The school boys laid aside their books for picks and shovels and worked like Trojans. Mr. Willard was called on to make an address on good road building to the workers, but realizing that time was valuable he did not talk much. He expressed his great pleasure, however, at seeing the citizens entering so fully and earnestly into the spirit of the occasion, and assured them of his hearty endorsement.

The colonists at Castle Haynes also entered into the spirit of good road building with the greatest interest and enterprise with the result that when the sun went down yesterday afternoon they had done a splendid amount of work during the two days. Mr. Willard allowed them to use the county road machine to aid in the work. He received a letter yesterday from them expressing their appreciation of this privilege.

PREPARING FOR FAIR.

Carpenters Busy Getting Building in Shape for Industrial Exhibit.

Carpenters are now at work getting The Star building on Chesnut street in readiness for the New Hanover Fine Arts and Industrial Exhibit which begins next Tuesday and continues through Wednesday and Thursday. They are building booths and making other necessary arrangements for placing the exhibits of many different kinds. For months those interested have been working on the proposition with the result that it will be one of the best things of its kind ever gotten up in this section.

The women of Sorosis who have taken the lead in the matter have received the most loyal support from the merchants and other citizens of Wilmington: The people from the county are also greatly interested in the fair, and will attend in large numbers. They will also furnish many interesting exhibits.

Child Wasn't Kidnaped.

A telegraph messenger boy yesterday reported to Chief Williams that a young child was being held by a party of gypsies, encamped at Tenth and Smith streets, that had been kidnaped in Winston-Salem. Chief Williams asked Maj. W. N. Harriss, Clerk of the Superior Court, to issue an order to have the child brought before him for an investigation. Officer D. W. Coleman went to the camp of the gypsies and found the child and its mother. After making an investigation Maj. Harriss was satisfied that there was nothing to the report and the child was allowed to return to the camp with its mother.

Purchase Pipe Organ.

The members of the congregation of St. John's Episcopal church recently purchased a large pipe organ which arrived this week, and is now being installed. A representative from the factory is here superintending the work which will take several days to finish.

New Policy for Financing Football Games—Donaldson Academy.

Mr. Heman S. Shaw, coach of the High School football team, announces an important change of policy in regard to financing the inter-scholastic games, played in Wilmington, between the Wilmington High School and other schools of the State. Heretofore, in order to induce visiting teams to come to Wilmington, their railroad fare and entertainment while in the city was guaranteed by the Wilmington team. In order to raise money to meet this expense, admission to the games was charged, and the bulk of the guarantee was raised in this way.

This year, however, this policy of raising funds for the purpose of bringing visiting teams to the city has been abandoned. Mr. W. L. Parsley, who has most generously fixed up, at great personal expense, one of the best gridirons in the State, has offered the public playground to the boys and girls of the city, and their friends absolutely free of charge whether they go there to be players or spectators.

Having accepted the generosity of Mr. Parsley in using the football field, the High School boys desire to gladly support him in his wish to make the playground a "public" one in the full sense of that word. So in future, games played at Hilton Park with other institutions will have to be financed by voluntary contributions and by the efforts of the High School boys and girls and their friends, instead of by paid admissions to the games.

Voluntary subscriptions from those having an interest in High School athletics will be appreciated.

The public is cordially invited to witness the game to be played Saturday afternoon at 3:30 o'clock, between the Wilmington Highs and their ancient rivals, the Donaldson Military Academy warriors. Year after year these two teams have met sometimes in Fayetteville, sometimes in Wilmington, to test each other's mettle on the gridiron. The majority of the games between these two institutions of the upper and lower Cape Fear have been won by the local boys.

Rumors from the camp of the Donaldson ochorts state that they have been practicing hard since their defeat by the fast Raleigh Highs two weeks ago, with an eye single to securing sweet revenge for past defeats, and also to retrieve a so-far disastrous season. The Wilmington Highs are in excellent condition, having had several hard scrimmages, in addition to numerous signal practices since their journey to Kinston last week.

Although the team is composed practically of new men, it has defeated by good scores the Coast Line Tigers, the veteran Washington team, and the Kinston Highs. The wearers of the orange and black will no doubt be able to give a good account of themselves when the referee blows his whistle at Hilton Saturday. There will be no charges for seeing the game, either by passing around the hat or by paid admissions.

REAL ESTATE TRANSFERS.

Several Deeds Were Filed for Record at Court House Yesterday.

Deeds were filed for record yesterday as follows:

Wm. F. Robertson and wife to Jack J. and Wm. H. Vereen, for $1,800 lot on southeast corner of Front and Wooster streets.

Oscar McCullen and wife, et al., to Pilgrim Rest Baptist church, for $10 and other considerations, lot 26 of the Allen property on Wrightsville Sound.

A. K. Moore to J. L. Becton, for $100 and other considerations, lot on east side of Millis' alley, 35x90 feet in size.

John D. James and wife to J. Frank Cox, for $100 and other considerations, lot on north side of Wooster, 173.3 feet east of Fifth, 25x66 feet in size.

The Wilmington Beach Corporation to W. E. Perdew, for $400, lots 21 and 22 in block 19, Wilmington Beach.

Geo. H. Rogers and wife to W. O. Shepard and wife, for $10 and other considerations, lots 26 and 27, Villa View.

W. L. Mitchell and wife to E. F. Boseman and wife, for $50, 38 acres mainland, 14 acres sound and 3 1-3 acres beach, on Myrtle Grove Sound.

FINE CONCERT LAST NIGHT.

Second Number in St. Andrew's Course Pleases Large Audience.

The Apollo Concert Co., one of the most gifted as well as versatile organizations on the lyceum platform today, gave one of its usual highly pleasing and entertaining concerts last evening as the second number of the season under the auspices of the Brotherhood of St. Andrew's church, before a large and well pleased audience.

Composed of Mr. and Mrs. Wells, Miss Harding, Mr. Smith and Mr. Holmes the numbers of the evening were divided into quartettes, trios, solos and duets and as a company, playing alternately upon the Apolophone—a detailed description of which was given upon their first appearance last season—saxaphones, mandolin, banjo and flute, trombone and piano.

The programme opened with the Chicago Marine Band March by the company, played upon the Apolophone and, responding to an encore, rendered Barney's ever beautiful "Sweet and Low." Among other numbers were selections from the "Fortune Teller (Herbert); selections from "Faust" (Gounod); the "Gladiator March" (banjo and piano)—composer lost and not found owing to no programme being provided.

Probably one of the sweetest numbers was the trombone solo of Mr. Lee Smith. In this he gave quite a good exhibition of triple-tongueing, seldom employed on this instrument owing to its being rather difficult of proper rendition but in which he came off with flying colors.

Miss Harding, both as soprano and reader, contributed largely to the evening's pleasure. Probably her most interesting number was her conception of the various characters as depicted in "Anne of Green Gables" (again no programme and author L-O-S-T).

The programme closed with the Saxaphone Quartette rendering Sousa's "The Fairest of the Fair" March. We give the noted bandmaster's name with some trepidation in connection with this number as this is a new one on us. However, the commission of so grave a mistake may be laid at the door of the Alkahest Lyceum Bureau, which again failed to provide any programme. With not much attempt at any great amount of display in the making up of the programme of its ten or more numbers but with the simple idea of pleasing and entertaining, the evening was voted highly successful from every standpoint.

—MUSICUSS.

THE RECORDER'S COURT.

T. L. Skipper Taxed With Costs and Fined in Assault Case.

The Recorder yesterday ordered that T. L. Skipper, a white man, charged with assaulting Mrs. Mattie Suggs, pay a fine of $15 and the costs in the case. He was also fined $5 and the costs in a case against him for disorderly conduct. Skipper drank too much of some compound, designed to take the place of whiskey, and became intoxicated. Going into a boarding house on South Front street to see a gentleman friend he ran into Mrs. Suggs causing her much fright, it is said. He is a man of good address and the Recorder let him off with a fine, cautioning him, however, not to imbibe too freely of intoxicating drinks again.

David Startling and Tom Starkey, both colored, were charged with violating the sanitary ordinance. Judgment was suspended upon payment of the costs.

CAPT. EDWIN A. ANDERSON.

Former Wilmingtonian to Command Battleship New Hampshire.

Many Wilmington friends of Capt. Edwin A. Anderson, a native of this city, being a son of the late Dr. E. A. Anderson, will read with interest and pleasure the following from the New York Herald, of the 4th:

"Captain James H. Oliver, who has been relieved of command of the battleship New Hampshire and placed on waiting orders, probably will be assigned as director of naval intelligence, succeeding Captain Thomas S. Rodgers, who has been selected to command the battleship New York.

"Captain Edwin A. Anderson, on duty at the Philadelphia navy yard, has been ordered to the command of the New Hampshire."

NEXT NUMBER AT BRIGADE.

Mr. Whitney and Miss Valentine Who Were Heard Last Season.

The next musical event at the Boys' Brigade is one about which many inquiries have already been made showing an interest which is unusual. This is the concert to be given by Mr. Myron Whitney and Miss Marguerite Valentine on Monday night, November 17th. These artists will be remembered here with deep pleasure by music lovers, many of whom heard them last season.

That they are both artists is too well known in this city to require any proof except to those who did not hear them last year. It may be interesting to these to read the following which is a criticism by "Musicuss," which appeared in The Morning Star in April:

"To have the pleasure of attending a song recital such as is afforded the musical centers often but smaller places seldom—to sit under the spell of a voice attuned to notes of the sweetest harmony—to listen intently to faultless interpretation of the old as well as the new songs; to have the privilege of hearing interpreted those compositions for the piano which have become classics through hearsay largely, such was the rare privilege and pleasure afforded a fairly large audience at the Boys' Brigade armory last evening when Mr. Myron W. Whitney, the superb basso, assisted by Miss Marguerite Valentine, pianist-accompanist, appeared in a programme which for variety and beauty has seldom been rendered before a Wilmington audience.

"Those who heard Mr. Whitney last season when here realized what was in store for them and they were not disappointed. With a voice of wide range, thoroughly under control at all times, highly cultivated and most pleasing, singing with an ease and manner that only few possess, his each appearance was eagerly awaited and many were the regrets when the last number was finally sung.

"The first number, a group of songs by Mr. Whitney, opened with the 'Bedouin Love Song,' (McLaughlin), which served to show his superb voice to its fullest. While possibly not as full of fire as that of the same name, but by Pinsuti, it had the added quality of newness and lost nothing by comparison. In direct contrast, dainty 'Benny McCree' (Moier), with the tenderness of the Scotch in it, left a desire to hear more which was later satisfied by his re-appearance rendering, among other songs, 'Ah, Love But a Day' (Beach), and 'When Love is Done' (Turnbull), and 'Amore', Amore" (Tirendelli) and 'Chanson' (Bizet), the last two in French fully satisfying his hearers that he was equally at home in the foreign as well as his native tongue.

"As both soloist and accompanist, Miss Valentine takes rank with the best we have ever heard. While all things are largely judged by comparison, we can only say that as both she is comparable to Romayne Symmons, who was heard here last season with Mr. Whitney and to our mind he was par excellence.

"With a touch of exquisite delicacy where such is intended and with a fire of enthusiasm, with an execution capable of all demands, she was easily a co-equal with Mr. Whitney who, with an accompanist of less ability, would have suffered much. Miss Valentine appeared three times on the programme and in each a group of solos. The charming 'Balade', (Brahms), the fiery 'Arabesque', (Loschetizy), the beautifully executed 'Nocturne' for left hand (Scriabune), each stamped her as an artist of the first rank and one destined to be heard from again in the future.

"Taken altogether, it was a concert the like of which is seldom given here and makes us only wish that more of its kind could be given that our people might realize and appreciate the uplifting tendency which this of all arts—music—so rightfully inspires."

SPECIAL TRIP TO SEA.

Sunday, November 9th, Steamer Wilmington will leave for Southport and Fort Caswell at 9:30 A. M. and will make trip out to sea, weather permitting. Fare, round trip, 50 cents.

Wednesday's Portsmouth Star: "Mrs. J. H. Boatwright entertained very delightfully on Saturday at her home on North street at a bridge luncheon, given in honor of Miss Florence Bidgood, of Richmond, and Miss Carolyne Myers, of Wilmington, N. C. There were two tables of bridge and luncheon followed, and those enjoying Mrs. Boatwright's hospitality were Miss Myers, Miss Bidgood, Mrs. Gaston L. Myers, Mrs. William McMorris, Misses Annie and Winnifred Watts, and Miss Sally Holladay."

Friends in Wilmington of the prospective groom have received invitations reading as follows: "Mr. and Mrs. Thomas Williamson Farish request the honor of your presence at the marriage of their daughter, Lily Mary, to Mr. Frank Julian Sizemore, on Wednesday morning, the nineteenth of November, at high noon, three hundred and fifty Poplar street, Winston-Salem, North Carolina." Enclosed cards read: "At Home—After December the first, High Point, North Carolina."

* * *

In the presence of a few friends and relatives Mr. Herbert L. Huhn and Miss Ruth E. Parker, daughter of Mr. and Mrs. A. T. Parker, were united in marriage last night at 9:30 o'clock in the Church of the Good Shepherd, the rector, Rev. Thos. P. Noe, officiating. They will reside at No. 514 South Fourth street. The groom holds a position with the Atlantic Coast Line. Both bride and groom have a large circle of friends who will extend best wishes for a long and happy life.

* * *

Miss Annie Bagby was called to Beaufort yesterday on account of the death of her uncle, ex-Mayor W. F. Dill, who died suddenly yesterday morning. Mr. Frank Perry, a son-in-law, also left last night. Mr. Dill was a member of one of the oldest and most prominent families in Beaufort, and served for many years as Mayor of the town. He was a brother of Mr. S. L. Dill, a prominent official of the Norfolk Southern Railroad, and Mr. John Dill, of Norfolk, Va. Besides Mrs. Frank Perry, of Wilmington, he is survived by three other children.

The Household Economics Department of Sorosis will meet this afternoon at 4 o'clock in the club room of the Masonic Temple. The subject which will be discussed will be "Balanced Menus." Miss Grace Logan, teacher of domestic science in the High School, will make an address on the subject at 4:30 o'clock. All members are asked to be on hand promptly at 4 o'clock in order that the other business may receive attention before the address. The lecture is open to all members of Sorosis, and a cordial invitation is extended them to attend.

* * *

MARRIAGE OF YOUNG COUPLE AT MAGNOLIA.

Magnolia, N. C., Nov. 6.—A marriage of interest to their many friends in this section was solemnized at the home of the bride's parents, Mr. and Mrs. A. D. Johnson, near Kenansville, Wednesday afternoon, when Miss Effie Johnson became the bride of Mr. W. B. Murray, Rev. Mr. Lee officiating.

Miss Johnson is a charming and popular young lady, and Mr. Murray is a prosperous and successful young business man of Kenansville. They left of the 8:30 northbound train for a trip to Washington and other points and carry with them the best wishes of a large circle of friends.

* * *

Although there was no reason for their having done so, as the article on this point was perfectly clear that no such meaning was intended, some people seem to have gotten the impression from the reference in yesterday's Star to the Housewives' League and North Carolina Sorosis in the same column in connection with Wednesday's proceedings of the Council, that the two organizations are affiliated. The two organizations are separate and distinct, though many of the members of the new organization are leading members in the Sorosis club. The Housewives' League has different objects and it is not intended to undertake any part of the splendid work that is now being done by Sorosis.

NATIONAL CONVENTION OF U. D. C AT NEW ORLEANS.

Mrs. W. M. Creasy, State Recorder of Crosses, Daughters of Confederacy, will leave Sunday for New Orleans, La., to attend the National Convention of the U. D. C., as the representative of Cape Fear Chapter of this city. The convention will convene in New Orleans Tuesday morning and continue through the week. Mrs. Creasy is in receipt of a letter from the president of the New Orleans chapter stating that following the convention a special chartered steamer will be run from New Orleans to Panama and South American ports for those who desire to make the cruise.

Many pleasant social features have been arranged for the delegates which will be given in connection with the convention. Tuesday afternoon there will be a boat ride on the Mississippi. Wednesday evening there will be a promenade concert and ball. Friday afternoon there will be an automobile ride and a visit to the country club. Following this there will be an informal reception at the Soldiers' Home.

There will be a business session Tuesday, and Tuesday night there will be a public meeting at which the Mayor of New Orleans and others will make addresses of welcome which will be responded to by prominent members of the U. D. C. A meeting of special interest will be held on Thursday night at which historical papers will be read. A matter of vital importance that will receive attention will be a revision of the constitution.

* * *

MONTHLY MEETING SOROSIS YESTERDAY AFTERNOON.

The regular monthly meeting of North Carolina Sorosis was held yesterday afternoon at 4 o'clock in the reading room of the Masonic Temple, and was one of the largest attended and most enthusiastic meetings that this organization has had in a long time. The principal matters taken up were plans for the approaching Fine Arts and Industrial Fair which were discussed fully. The fine support that the citizens of the city and county have given to the ladies in their effort was a source of gratification to all.

A list of the merchants who have contributed articles for prizes and given other substantial aid was read. Their liberality has been unbounded, and a special vote of thanks was tendered them.

The programme for the exercises to be held in connection with the exhibit next week was discussed. Next Wednesday will be observed as School Day and there will be a number of addresses at the opera house. It is hoped that all the teachers and children and as many mothers as possible will attend the exercises.

Besides the address by Dr. J. Y. Joyner, State superintendent of public instruction, there will be addresses by Mrs. Jane S. McKimmon, director of the Girls' Canning Clubs of the State, and by Miss Edith Royster, of Raleigh. Mrs. McKimmon has achieved splendid success in her work, and is a woman of marked ability. Miss Royster is assistant superintendent of public instruction of Wake county, and is also president of the North Carolina Primary Teachers' Association. The ladies of Sorosis count themselves particularly fortunate in securing these women for a place on the programme.

The various departments made their reports of the work that they have done and of plans during the Winter. The Music Department has been actively at work, and is planning besides giving a number of programmes for the especial benefit of the members of Sorosis to have one or more public musicales.

The Household Economics Department has been busy arranging for the Fine Arts and Industrial Exhibit. Particular attention was called in this report to the fine carpentry work done by several boys in the city and also from the county. Prizes have been offered for the best fireless cookers and also for other carpentry work, and this has furnished a sufficient impetus to cause the boys to make them their best. Theirs will be one of the most interesting features of the exhibit.

The Art Department reported that it had received a fine response from those interested in art work. Many pictures and a varied assortment of art work has been received by the department for exhibit at the fair.

The Literature Department made a report of the work done by its members. Attention was called to the O'Henry Memorial fund, and the members of Sorosis voted to make a handsome contribution to this fund. It is the intention of this department to have this Winter one or more of the University extension lectures that are given by members of the faculty at the State University at Chapel Hill.

The Social Service Department reported that Mrs. L. B. Herring has taken up her work at the union station as Travelers' Aid. This work has been launched by this department with the hope and belief that the public will give it generous support. The members of Sorosis have given it their most earnest endorsement, and it was the opinion of all that it should be continued. The need of a Y. W. C. A. was also discussed in the report, and mention made of the fact that the State field secretary will be here at an early date to look into conditions with a view to organizing a branch here.

Resolutions were adopted endorsing the action of Mayor Moore and the City Council in re-enacting the sidewalk ordinance.

Will Observe St. Andrew's Day.

In commemoration of St. Andrew's Day, which is on November 30th, St. Andrew's Society of St. John's Episcopal church will have a special service at the church. The date falls this year on Sunday, and the rector, Rev. Wm. E. Cox, will preach a special sermon to the members of the society at the morning service. This will be followed by the Holy Communion. There will also be special music.

Columbus, Nov. 6.—Governor Cox today honored the requisition of oGvernor Hatfield, of West Virginia, for the return to that State of Elsie Irwin, now under arrest in Columbus. She is wanted for the alleged murder of Albert Osborne, in Cabell county, West Virginia.

SECOND GOOD ROADS DAY

(Continued from Page One.)

Buncombe, Craven and many other counties, a very great deal of volunteer work has been done and it has been along lines laid out by competent engineers and in furtherance of most approved road building. Dr. Pratt was here on his way to inspect the progress of State convict work on the Hickory Nut gap turnpike and the Jamison county highway being constructed under special legislative acts with convict labor.

Faison Does Her Part.

Faison, N. C., Nov. 6.—The enterprising folks of Faison got busy yesterday when about 50 strong they went into Goshen swamp and threw up a good road across, besides cutting down a high hill. This piece of road is a link in the Goldsboro-Wilmington Highway, soon to be inaugurated. If the people along the route will awaken to the importance of this work. Many of the ladies arrived around 12 o'clock, and refreshed the laborers with a fine picnic dinner. Everybody was enthused, old and young went at the work with a vim, and much was accomplished. The colored people entered into the spirit and also did noble work. We think our community has been greatly benefitted.

Great Day in Onslow.

Mr. Frank Andrews, of this city, returned yesterday from Onslow county and speaks in the most enthusiastic terms of Good Roads Days as they were observed there. Everything closed up for the day in Jacksonville except the drug stores and about 100 citizens turned out for active work along the highways leading into the town. Doctors, lawyers, preachers and other vied with one another in carrying out the full spirit of the occasion, these including such dignitaries as the Hon. E. M. Koonce, Dr. Cyrus Thompson, ex-Sheriff Hargett, President Burton, of the Jacksonville bank, and others. The High School suspended operations and students turned out in numbers to work the roads.

LOCAL DOTS.

—Private yacht Sea Otter, of New York Yacht Club, Capt. Hugh L. Willoughby, master, bound from Newport, R. I., to Port Sewall, Fla., put into Southport last night on account of rough weather outside.

—The steamer Wilmington will leave Sunday morning at 9:30 for Southport and Fort Caswell, and if the weather permits, will make another of those enjoyable runs out to sea, stopping at Southport for dinner.

—William Weston, colored, was arrested yesterday afternoon by Constable Davis on a warrant sworn out by his wife charging him with assault. He was recognized for his appearance today before Justice Harriss to answer to the charge.

—In the current issue of the Knights of Pythias Insurance Department News, published at Indianapolis, Ind., a very complimentary notice is given of the new Carolina Pythian, of which Capt. Thos. D. Meares, of this city, is editor, and to whom a fine tribute is paid by the Insurance News.

—Carrie James, colored, charged with violating the prohibition law, waived examination before Justice Harriss yesterday, and the case was sent to the Recorder for trial this morning. She gave bond in the sum of $200. The warrant was sworn out by Mr. H. Mack Godwin and served by Constable Davis.

—Report has been made to the police that some one entered the home of Mr. A. G. Smith, No. 806 Dock street, Sunday evening about 8 o'clock, and stole two plumes, 17 inches in length, and a navy blue coat suit belonging to Mrs. Smith. The police have been given a description of the articles stolen.

PERSONAL PARAGRAPHS.

—Mr. J. F. Walters, of Whiteville, was a business visitor in the city yesterday.

—Mr. Henry FormyDuvall, of Whiteville, was among the business visitors in the city yesterday.

—Mr. G. P. Galvin left last night for Norfolk, Va., where he will spend a few days on business.

—Hon. John D. Bellamy left last night for Norfolk and Portsmouth, where he goes on legal business.

—The troops of friends of Mr. R. W. ("Wils") McKeithan, of Supply, Brunswick county, will regret to hear that he is reported critically sick at his home.

—Arrivals at The Clarendon Hotel yesterday included T. E. Exting, Atlanta; G. H. Briggs, Washington, D. C.; P. K. Teachey, Rose Hill; H. Fullwood, Baltimore; A. Evans, Laurinburg; Barron Fredericks, Richmond.

—Mr. W. H. Plummer left yesterday morning for Columbia, S. C., where today he becomes manager of the "Jefferson Hotel," of that city. Many friends of Mr. Plummer here wish for him unbounded success in his new home.

—Mr. J. D. McFadden, the well known and popular printing house salesman, now with the Southern Printers' Supply Company, Atlanta, Ga., arrived last night on a business trip.

—Mr. Cleveland Russ, who has been with Mr. William H. Baxley, State agent of the Germania Life Insurance Co., for the last few months, left last night for his home at Makatoka, where he will spend a few days with his parents before resuming his studies at Wake Forest College.

COTTON BARELY STEADY

Net Decline of Nine to Seventeen Points Inspired by Expectations of Increasing Southern Spot Offerings—Weather.

New York, Nov. 6.—The cotton market was lower today, under scattered selling, which seemed to be inspired by expectations of increased Southern spot offerings as a result of more favorable picking weather, more favorable views of the crop and increasing nervousness over the situation in Mexico. Trading was not particularly active, and the market closed barely steady at a net decline of 9 to 17 points.

The opening was steady, at an advance of 2 points to a decline of 1, in sympathy with a steady Liverpool market. Private cables said that the market there had been influenced by smaller Southern hedge offerings, but it was reported that the South was offering cotton more freely, the weather map was considered favorable and prices soon eased off under liquidation, foreign selling and local pressure. After showing a net loss of about 7 to 11 points, the market steadied on covering, and a moderate trade demand, but weakened again in the late trading on rumors of bearish private crop estimates and apprehensions regarding the Mexican situation. The close was practically the lowest point of the day.

The crop estimate of a Memphis firm was published, indicating a crop of 14,585,000 bales, including linters, and there were private reports from points in the eastern belt, claiming that better weather was adding to the prospects for a top crop.

Cotton, spot, quiet. Middling uplands, 14.00; do. gulf, 14.25. No sales.

Cotton futures closed barely steady.

EFFICIENCY THE TEST.

So Says Collector Bailey in Making Revenue Appointments.

(Special Star Telegram.)

Washington, D. C., Nov. 6.—After a conference with Commissioner Osborne, Collector Josiah W. Bailey, of Raleigh, said that he had gone over every detail of the revenue work with the commissioner and that he was very much pleased with the result of the conference. Mr. Bailey said that he had given all of his "hold-over" men temporary appointments for 90 days. This time will expire November 15th and Collector Bailey will at that time make all the permanent appointments he intends to make. He discussed the question of appointments with Colonel Osborne and said that he had submitted a few names for appointment. He was emphatic in declaring that such changes as he would make would be for efficiency and that he intended to carry out the order of President Wilson which warned collectors not to make appointments for either political or personal reasons.

P. R. A.

Washington, Nov. 6.—President Wilson today accepted the invitation of the Gridiron Club to attend its dinner on December 13th. The President has attended only one banquet since he was inaugurated—a previous dinner of the Gridiron Club, composed of newspaper men.

INDIAN GOVERNMENT ALARMED.

Failure of Banks Due to Burying of Gold by Natives.

Calcutta, Nov. 6.—The long string of bank failures in India is causing much alarm and the government is contemplating legislation restricting the use of the term "bank" in this country.

Some of the clauses of the new measure approved today by the Marquis of Crewe, secretary of State for India, bear striking resemblance to the provisions of the currency bill now before the American Congress, and it is believed the Indian government has availed itself of information furnished by the Washington hearings.

India also has a banking problem peculiar to herself. The Indian public is slowly abandoning the time-honored customs of burying its gold and is adopting the practice of bank deposits bearing interest. The government considers that this practice should be encouraged by legislation to make deposits as safe as possible.

For years the world's supply of silver has been appreciably lowered by the Indian habit of burying savings but the abundance of this metal has rendered this practice comparatively harmless.

Lately, however, with increased prosperity the East Indians have begun to bury gold with alarming effects, it is claimed, in world's gold supply. Hence the anxiety of the government to give India an irreproachable banking system.

New furs are now ready for your inspection. C. H. Fore & Co.

STOCK MARKET GOES DOWN

Fearing Some Grave Development in the Mexican Situation Might Upset the Market, Bulls Were Reluctant.

New York, Nov. 6.—The main movement in stocks today was decisively downward, although in the early trading there was a small advance.

In spite of the showing of strength yesterday bulls were reluctant, fearing that some grave development in the Mexican situation might suddenly upset the market. This influence was most important in determining the action of the market. Reports that the Huerta administration had decided to adopt a defiant attitude were largely responsible for the sharp dip.

Mexican Petroleum and National Railways of Mexico, second preferred, were especially weak.

Further discouraging reports from the steel trade contributed to the weakness. Forecast of the monthly statement of United States Steel pointed to a falling off in unfilled orders of perhaps 350,000 tons. Much of the pressure was concentrated on steel, and the price broke rapidly for a time. Amalgamated, influenced by the drop in the London metal market was equally weak. Railroad shares went down with the industrials. At the close various representative issues showed losses in the neighborhood of 2 points. The decline in National Railways of Mexico, second preferred, brought it to 11, compared with 27½ earlier in the year.

Engagement of $500,000 gold, in addition to the $2,000,000 recently purchased in London, was announced today. Demand sterling fell to the lowest point of the year, but subsequently rallied.

The bond market was steady. Total sales, par value, $2,377,000. U. S. bonds were unchanged on call. Total sales stock, 342,800 shares, including Amal. Copper, 46,800; American Tobacco, 700; A. C. L., 200; C and O., 1,500; Lehigh Valley, 1,900; L. and N., 400; N. and W., 800; Reading, 41,300; S. A. L., 100; S. A. L., pfd., 400; Southern, 1,000; Southern, preferred, 100; Tennessee Copper, 600; U. S. Steel, 126,000.

MORE CHANGES IN CURRENCY BILL

(Continued from Page One.)

banks, with the power of rediscount, and of issue, and which would mobilize the banking reserves. Now we have shifted about to a public-owned, government-controlled bank, and it is proposed to let it do a general banking business in competition with the 25,000 banks throughout the country."

Senator Owens said that so far as he knew, no call had been issued for a Democratic caucus on the currency bill.

"If a caucus is called," he said, "I suppose it will be simply to find out what the committee is doing, and why affirmative action has not been taken on the bill. It will be an advisory conference."

Before today's action by the committee, President Wilson discussed the currency situation with Senator Simmons, who led the tariff fight in the Senate.

"I do not think any caucus will be necessary," said Senator Simmons after the conference, "at least I hope none will be, but, of course, Democrats cannot be expected to support a bill coming from a committee in which a majority of the Democrats have been opposed to what already has been adopted. It must be a Democratic bill."

May Call Caucus.

Democratic leaders in the Senate decided late today that unless the Senate Banking and Currency committee promptly voted back into the administration currency bill some of the fundamentals that it had eliminated, a party conference or caucus would be called for the beginning of next week to consider the subject.

Telegrams were sent to absent members urging them to return to Washington at once. The Senate committee had continued to make changes in the House bill to which supporters of the adminstration took objection and a number of Democratic Senators at the White House during the day told President Wilson that no progress would be made by permitting the House bill to be buffeted about in a committee wherein a coalition of Republicans and "insurgent" Democrats would alter the entire theory of the measure. It is not known what position the President took. Newspaper men who asked the President whether a caucus would be called were told by him that it was a subject for the Senate to decide.

Prepare Report.

Tonight it became known that four staunch administration supporters on the committee—Senators Owen, Hollis, Pomerene and Shafroth—had been working quietly on a report which they probably will submit to their Democratic colleagues, Senator Reed, O'Gorman, and Hitchcock. Should they decline to sign it, it is believed that the plan will be to submit the report to the Democratic caucus or conference.

Senators who insist upon some kind of party action take the position that the Democratic party will be required to stand sponsor for whatever legislation is enacted, that efforts to get a non-partisan report means interminable discussion, lots of wrangling on compromises that would seriously delay the passage of the bill and embarrass consideration of the remainder of the party programme in the regular session of Congress.

Many Senators were still in hope that a change of sentiment would yet develop in the committee and an agreement be reached before November 10th, the date on which it had been expected by the White House and prominent administration supporters that a bill would be reported to the Senate.

President Wilson has not relaxed in his determination to have the Currency bill passed during the present session and many Democratic Senators have indicated to him that they are restive under the delay and want to make the bill a party measure.

NATIONAL GUARDS AT INDIANAPOLIS

(Continued from Page One.)

hausted all efforts and until they fail "we protest against the Governor's action."

Withholds Proclamation.

Governor Ralston announced that he was withholding the proclamation of martial law in the hope that the strikers and the company would be able to come to terms during the night. It was learned that two members of the Indiana Public Utilities Commission had asked the Traction company officials to submit the differences to arbitration.

The company representatives agreed to receive a committee of employes and try to come to an agreement providing the charter of the local union from the Amalgamated Association of Street and Electrical Railway Employes was cancelled and that the strike leaders and organizers leave the city. The company also agreed that in case it and the employes' committee were unable to reach an agreement by November 30th to leave the settlement with the Public Utilities Commission.

None of the strike leaders would express an opinion as to what the strikers would do in regard to the company's proposals.

Four companies of the State militia are quartered in the basement of the State capitol. As the troops marched along the streets they were hooted by the crowds.

GIVE THEM FOOTBALL.

Quite a Muss Stirred Up at College Over Sports Question.

(Special Star Telegram.)

Durham, N. C., Nov. 6.—Convinced that their method of securing football at Trinity was faulty and not likely to prove successful after the expressed attitude of the faculty today, men of Trinity held a mass meeting and organized a football club composed of practically every man in the college community.

Following officers were elected: President, Beale H. Siler; vice president, Frank B. Brown; secretary-treasurer, W. G. Sheppard. A committee was appointed to get out circular letters to the alumni of the college to discover their attitude toward the question. The committee will see or write every member of the board of trustees explaining the sentiment at Trinity and asking for a trustee meeting to decide on the question. A collection was taken to meet expenses and everybody contributed liberally. Men of Trinity college wish it understood that they do not wish nor intend to defy college authorities, but they do want and intend to have football and are going to use every honorable means in their power to have the game established here in spite of the fact that the college authorities are emphatic in their statement that football will never be introduced at Trinity.

CRISIS IN SITUATION RAPIDLY DRAWING NEAR

(Concluded from Page One.)

dulging in speculation as to the final outcome.

As a sequel to General Huerta's decree yesterday making bank notes legal tenders, foreign residents and Mexicans alike have been ransacking the town for silver money, but at the banks it was with difficulty that change could be procured for more than five pesos notes. Business men are alarmed, fearing there will soon be so great a shortage of metal currency that it will interfere seriously with the transaction of business.

Felix Diaz Stabbed.

Havana, Nov. 6.—General Felix Diaz was stabbed by a Mexican at 10:30 o'clock tonight. He was wounded twice probably not fatally.

The attack on Diaz occurred while he was walking on the Malecon, a fashionable promenade. He was wounded behind the ear and in the neck, besides receiving several blows on the head from a cane.

Diaz was removed to a hospital. His assailant was arrested.

Gen. Felix Diaz made his escape from Mexican soil October 27th taking refuge on board the United States gunboat Wheeling at Vera Cruz. He was transferred to the Louisiana and from there to the battleship Michigan, later being put aboard the steamer Esperanza, which reached Havana last Monday.

As long ago as October 15th the Cuban government was warned that a band of Mexican conspirators were planning to kill Gen. Diaz who then was on his way from Europe to Mexico. The Cuban government took precautionary measures, and Diaz was closely guarded when he landed at Havana on his homeward voyage.

There were rumors of other plots against his life, when it was learned that he was to return to Havana.

Late Vera Cruz dispatches reported that Diaz had left behind hi mthere alleged proof that an agent of the government was on his way to Vera Cruz with orders to take Diaz to Mexico City dead or alive.

Gen. Diaz was the candidate of the National Democratic party for the presidency. He had been sent out of the country by Gen. Huerta as the head of a special Mexican mission to Japan, but returned for the purpose of carrying on his campaign. When he arrived at Vera Cruz October 22nd, he found the situation so threatening that he did not dare to continue on to the Mexican capital. Gen. Huerta sent him an invitation to come to Mexico City and even dispatched an envoy to endeavor to induce Diaz to accept the invitation. He declined to do so, and finally made his way to the American consulate from which he escaped to a launch which carried him to the Wheeling.

Gen. Felix Diaz is a nephew of Gen. Porfirio Diaz, former President of the republic. A year ago he headed a revolutionary movement at Vera Cruz which was promptly suppressed. He led the revolt against President Madero in Mexico City last February, which ended in the overthrow of Madero and the assumption of the presidency by Gen. Huerta.

BRYCE ARRIVES IN LONDON

(Continued from Page One.)

own citizens, indeed, better, for he had been spared the criticisms which in all modern countries is so liberally bestowed upon public men.

"When Secretary Root and I," Mr. Bryce continued, "began to make treaties, the first thing we did was to make friends with one another; and friendship is a great aid to business. I found in Mr. Root not only a brilliant intellect, but an eminenntly fair mind. Here the good will of the two nations was behind the negotiations, and it was our good fortune to settle all the questions that had been outstanding between us and among those that old, and thorny, controversy over the North Atlantic fisheries, which had, more than once, tareatened their good relations.

"Returning hither from America, I have two things to say to the British Pilgrims gathered here as friends of the American people: One is that you must not take too seriously the lurid pictures of American life drawn in some organs of the European press.

"In Washington, I used to be struck by the dark view which the press news from England conveyed of British events and conditions a view which I knew to be misleading. Here the same things happen. Cable messages and the vivid pens of correspondents inevitably hearten the color. Unlike stocks, news would be the better of being watered when they cross the sea.

"My other message is to assure you that the friendship you entertain for the people of the United States is reciprocated by them far more universally and far more heartily than ever before. There is a friendship of governments and a friendship of nations. The former may shift with the shifting of material interests, or be affected by the relations of each power with other powers. But the latter rests on solid and permanent foundations. With our two peoples it is based on a community of speech, of literature, of institutions, of beliefs, of traditions from the past, of ideals for the future. In all these things the British and American peoples are closer than any two other peoples can be. Nature and history have meant them to be friends."

Mr. Bryce said it was the duty of the two peoples to show others the way into their peaceful understanding.

CITY STOPS CARS.

Corporation Neglected to Pay Income Tax—Authorities Check Business.

St. Augustine Fla., Nov. 6.—Because the St. Johns Electric Company neglected to pay its income tax to the city, all its cars were stopped today by the city authorities.

A conference between the mayor and officials of the street railway company failed to result in another settlement. Another conference is to be held early tomorrow.

BUBONIC PLAGUE AND FEVER.

On Great Trade Routes From the South.

Washington, Nov. 6.—Presence of bubonic plague and yellow fever on the great trade routes from the South converging upon the Panama canal is giving grave concern to American health officials. Consul Baker reported to the State Department today that during the month of October there were 112 cases of plague in Guayaquil and that yellow fever was on the increase there.

—Mr. Albert H. Marsh, the well known accountant of Augusta, Ga., is here for a few days, staying at The Orton.

WHO GETS FOURTH PLACE.

Independence League and Socialists Await Official Vote.

New York, Nov. 6.—The official count is awaited to show whether the Socialists or the Independence League are entitled to rank as the fourth party in New York State and nominate their candidates at the next election without petition.

Socialist leaders asserted today that they had retained their relative position—after the Republicans, Democrats and Progressives.

The official party strength in the State this year is determined by the vote for chief judge. Willard Bartlett, the Democratic candidate, also appeared in the Independence League column. The Socialist candidate, Henry L. Slobodin, polled 32,706 votes in New York City. The Socialist vote here increased nearly 300 per cent over that at the last municipal election, but fell a few hundred behind the vote for Debs, the party's candidate for President in 1912.

According to figures received today by the Call the local Socialist newspaper, the party made its best showing in Hamilton, Shelby, Canal, Dover, Soshocton and Martins Ferry, Ohio, where they captured the city governments; in Paterson, N. J., where their candidate for mayor ran a close second; in Erie, Pa., where they elected several municipal officers, and in Haver Hill, Mass, where Charles H. Merrill, a well known Socialist, was elected to the State house of representatives for the fifth time.

Boston, Nov. 6.—The Socialist, Prohibition and Socialist-Labor candidates fared poorly in the State election Tuesday. The total vote for the three candidates for Governor with a few towns missing and estimated, was: Socialist 8,987; Prohibition 2,053; Socialist-Labor 1,224.

The State vote in 1912 was: Socialist 11,493; Prohibition 2,702; Socialist Labor 2,212.

None of these parties poll 3 per cent of the total vote necessary in order to obtain official recognition.

New York, Nov. 6.—The election of William E. Werner, Republican, as chief judge of the court of appeals, was claimed tonight by William Barnes, Jr., Republican State chairman. Early returns had indicated a plurality for Willard Bartlett, Democratic and Independence League candidate.

Mr. Barnes conceded that the Republicans had not elected a sufficient number of Republicans to the State Assembly to control the lower House. They elected only 74 members, he said, while 76 are needed for a majority.

Chairman Barnes claimed the two votes necessary for Republican control would be secured from among 31 members of "complicated independence"—men whose election was brought about through coalition of progressives with either the Republicans or the Democrats. Mr. Barnes claims that the Progressives, elected only four Assemblymen. He concedes the election of 41 Democrats.

ANNUAL MEETING.

American League Magnates Gather in Chicago.

Chicago, Nov. 6.—The American League, in its brief annual meeting today voted unanimously against the proposal to substitute a general interleague series for the world's series as now played, discussed informally the demands of the players' federation and pronounced several of them "acceptable" and then appointed a committee to represent it in a small convention to consider revision of the rules.

The meeting disposed of a number of routine matters, including the re-election of Charles W. Somers, president of the Cleveland club, as vice president.

A new board of directors consisting of presidents of the clubs at St. Louis, Detroit, Washington and Philadelphia was elected, these four succeeding the other four presidents.

No trades were announced and most of the men present said they had not talked trade during the season, or after it. Manager Birmingham declared his team would remain intact, thus disposing of a reported attempt by the Chicago club to get one of the Cleveland outfielders.

The league will suggest the shortening of the playing season by starting it on April 14th and ending it on October 7th. The dates, however, depend upon the National League's agreeing to them. The date for the scheduled meeting was not announced.

Not a dissenting voice was heard when President Johnson proposed that the league go on record as favoring the world's series between the two big league pennant winners. The plan to have a general campaign was brought up recently by August Herrmann, chairman of the National Commission, and would have provided that every team in one circuit play every team in the other.

It was specified that the talk on the players' demands was "strictly informal". The league received no official list of demands from President Fultz of the Players' Federation, but a series of reforms the players had drawn up had been sent to every club owner by the National Commission, and these were gone over in an open discussion. The proposed abandonment of the "reserve rule", which defenders of organized ball say is vital to its existence, naturally found no champions at the meeting, but indications were that the players will be granted some of their demands.

President Johnson, Vice President Somers and Manager Mack, of the Philadelphia club, were appointed to meet with three National League representatives and managers and umpires of both leagues to go over the rules. The meeting probably will be held in December.

PRESBYTERIANS GATHER.

Associated Reformed Delegates Meet in Statesville, N. C.

Statesville, N. C., Nov. 6.—Representatives of every Presbytery of the Associate Reformed Presbyterian Synod, of the South, consisting of Arkansas, Tennessee, Kentucky, Alabama, Virginia, North and South Carolina and Mexico, opened their 110th annual session here today. The opening sermon was preached by Rev. Dr. W. M. Hunter, of Little Rock, following which the synod was constituted by the election of new officers.

Rev. Dr. John Stimpson, of Chester, S. C., moderator, was presented with a gavel made from a log of the first Associate Reformed Presbyterian church in Iredell county, then Rowan, 150 years ago.

The session today consisted for the most part of routine business with reports on mission and orphanage work, urgent calls being made for better support in both fields of the church's work.

At the night session addresses were made on Christian Education by Presidents J. S. Moffatt, R. L. Robinson and F. R. Pressley, of Erskine College, Due West Woman's College and the Due West Theological Seminary, respectively.

You will find anything you wish in towels and toweling at C. H. Fore & Co. (advertisement.)
